

Product Name:

Foldable Phone Stand

Product Features:

- The foldable phone stand is a portable and practical device that securely holds your phone on a tabletop, allowing you to comfortably watch videos, browse the web, make video calls, and more.
- Made of high-quality materials, it is sturdy and durable, ensuring the safety and stability of your phone.
- Adjustable angles and heights to accommodate different viewing needs.
- Sleek and elegant design, suitable for various occasions.

Instructions for Use:

- Before use, make sure you have assembled the tabletop phone stand.
- Place the phone stand on a stable surface, ensuring that the bottom pads are in full contact with the surface to enhance stability.
- Hold your phone and gently place it on the stand. Adjust the height of the stand up or down as needed for the best viewing experience. To adjust the viewing angle, gently rotate the adjustment component on the stand up or down to meet your needs.

Safety Precautions:

- Ensure the phone stand is placed on a stable surface to prevent the phone from falling due to instability.
- When adjusting the angle and height of the stand, handle with care to avoid pinching your fingers.
- Do not use the phone stand for phones or other devices that exceed its weight-bearing capacity.
- For prolonged use of the phone stand, periodically check its stability to ensure it does not loosen and cause the phone to fall or sustain accidental damage.
- When cleaning the phone stand, use a soft cloth to gently wipe it. Avoid using abrasive cleaners or brushes that may scratch or damage the surface.
