

Exemption sheet for Battery and battery-powered products

Page 1

What are Dangerous Goods?

A product will be regulated as dangerous good if any of its components are classified as dangerous goods or substances or are otherwise regulated by any official organization that governs safe transport, storage, or handling of goods.

For more information on dangerous goods, please consult the Dangerous Goods Identification Guide in Seller Central Help.

Examples of Dangerous Goods

Important note: This exemption sheet is required and will be accepted only for **products that may** (even if the batteries are not included with the product or if the product is to be plugged-in) or that are otherwise regulated as dangerous goods or substances (e.g. cleaners, essential oils, paint related products), please provide a Safety Data Sheet (SDS) (from the manufacturer) instead of a battery exemption sheet.

This exemption sheet must be **completely filled out** before being submitted: **all cells in red must be filled out** (move to the right). For **complete instructions**, please go to the **Instructions** tab of this Excel

Date: 21/07/2023

First name:

Alexis Orlando

Last name:

Please enter your first and last name. If a company name is entered, the exemption sheet will be rejected

Disclaimer: By submitting this document to Amazon, you hereby confirm that you have checked the information about your product and that the information you provide is correct. In the case of erroneous or incomplete information provided through this exemption sheet, Amazon reserves its right to take the corresponding actions without prior notice. These actions may include but are not limited to: blocked purchase order placement, classification and inbound of existing inventory at your expense.

If there is anything else you would like to tell us about your products, please use this box to share comments
