Product Code	P4114	Wireless Connectivity	Bluetooth
Product Dimensions	185*185*164mm	Rated Voltage	5V---1A
Intended Uses	For cats and small breed dogs	Rated Power	2W
Product Materials	ABS, Silicon	Product Capacity (volume)	2L

06 A MESSAGE TO OUR VALUED CUSTOMERS

- Thank you for choosing PETKIT EVERSWEET SOLO 2 (WIRELESS PUMP). We at PETKIT have done our best to make life easier for you and your pets with technology.
- Please carefully read the User Manual before using the product. By setting up and using this product, you are acknowledged that you already read and accepted the safety guidelines listed below.
- We are not liable and will not accept responsibility for any accidents or injuries that result from improper use of this product.
- PETKIT reserves the rights of interpretation and revision.

07 USER SAFETY GUIDE

*** Failure to follow the safety guides outlined below can result in product malfunction or other unforeseen mishaps.**

- Please install and use the product as instructed in the User Manual.
- For pets older than 3 months only.
- For indoor use only.
- This device is using low voltages. However, pets can still damage the power cord if they chew on it. Please keep your pets away from the cord.
- Place on a level surface, do not overturn the device. Otherwise, it may cause a malfunction or water leakage.
- Do not immerse or soak the main body base in water.
- Clean well before using.
- If the device is not used for a long period of time or is moved, please unplug the power cord.
- Children should only be allowed to operate this device under the supervision of an adult.
- Repairs should only be done under the guidance of a professional to avoid safety hazards.
- Please check the remaining water in the drinking fountain before taking your vacation.
- If you encounter any issues using product, please contact customer support as soon as possible.

Manufacturer: Dongguan Zhihang Plastic Technology Co.,Ltd.
Address: Building 10, Pushiketu, Pushi 1st Road, Gangtuo Village,
Qiaotou Town, Dongguan City, Guangdong Province, P.R.C.

Disposal

The European directive 2012 / 19 / CE on Waste Electrical and Electronic Equipment(WEEE), requires that old household electrical appliances must not be disposed in the normal unsorted municipal waste stream. Old appliances must be collected separately in order to optimize the recovery and recycling of the materials they contain and reduce the impact on human health and the environment. The crossed out "wheeled bin" symbol on the product reminds you of your obligation that when you dispose of the appliance it must be separately collected. Consumers should contact their local authority or retailer for information concerning the correct disposal of their old appliance.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and ; (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC warning:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

IC warning

- English:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) This device may not cause interference, and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

- French:

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'empêcher le fonctionnement.
