MoliCare® Premium Mobile

Single-use device

Reusing a single-use medical device is dangerous. Reprocessing devices, in order to reuse them, may seriously damage their integrity and their performance. Information available on request. Reuse of the product could lead to microbiological contamination and/or mild infections of the skin.

Product disposal

In order to minimize the risk of potential infection hazards, or environmental pollution, disposable components of MoliCare® Premium Mobile should follow disposal procedures according to applicable and local laws, rules, regulations and infection prevention standards.

Incident reporting

For a patient/user/third party in the European Union and in countries with identical regulatory regime (Regulation 2017/745/EU on Medical Devices); if, during the use of this device or as a result of its use, a serious incident has occurred, please report it to the manufacturer and/or its authorised representative and to your national authority.
