

# Moses Basket Rocking Stand

## ASSEMBLY MANUAL

### ! IMPORTANT

Please read and follow instructions carefully before use. Make sure to always keep this manual for future reference.

Remove all coverings and dispose properly.

The stand has adjustable security belt to fit various sizes of Moses Baskets.

When not in use, the stand should be stored away from children.

#### CLEANING INSTRUCTIONS:

If necessary, wipe the surfaces with damp cloth.

### ! CAUTION

This product is only intended for children who cannot sit unaided.

Only use on a firm, flat, even and dry surface.

Do not attach anything on the stand that may affect its stability.

Use replacement or approved parts that are same size with the original parts.

Do not place the stand near an open fire or other sources of strong heat.

The handles and the bottom of the stand should be inspected regularly for any damage.

The head of the child should never be lower than the body of the child.
