

### **Can I use this if I had not had a salon treatment yet?**

Yes! You can use N°3 even if you have not tried the salon treatment yet. This is because the entire OLAPLEX line shares the same active ingredient to repair broken bonds in the hair.

N°3 Hair Perfector is formulated for at-home care and maintenance. When used alone without the in-salon treatment, OLAPLEX N°3 acts as a mini treatment.

### **How do I use this at home?**

For best results with No.3: Apply to damp / towel-dried hair, apply a generous amount of No.3 . Comb through and let process for a minimum of 10 minutes. Then shampoo and condition!

### **How often should I use?**

For regular maintenance, we recommend treating with No.3 at least once a week, but it certainly can be used more frequently for additional repair and strength.

### **Can I sleep in an Olaplex treatment?**

As a company, we do not recommend sleeping in OLAPLEX treatments as it could get into your eyes. However, we have received great feedback from people who have used it this way.

### **How long can I leave it on my hair?**

OLAPLEX No.3 reaches its max efficacy at 30-45 minutes however OLAPLEX is actively working in the hair as long as the hair remains moist.

### **Do I have to wash my hair before the treatment ?**

Generally, no, you do not need to shampoo before using No.3. However, if you have a lot of product on your hair, it is always a good idea to cleanse the hair before your treatment. Use your best judgment.
