XOXO
VANITY PLANET

DON'T FORGET TO SHOW OFF YOUR GOODS BY USING THE
#MYVP AND #VPBEAUTY HASHTAGS.

THANK YOU

The Vanity Planet Ultimate Skin Spa is a complete system that will keep your face feeling fresh day in and day out. This easy to use, micro-massaging device comes with three specifically designed brush heads for an enhanced cleansing and exfoliating experience. Let's face it, washing with your hands or a washcloth and soap just doesn't cut it anymore. It's time to invigorate your skin by adding this essential tool to your beauty routine.

With three unique brush heads, The Ultimate Skin Spa provides all around rejuvenation. The Daily Cleansing Brush has ultra-soft bristles that are suited for your everyday skin care ritual. If you're looking for a more thorough scrub, the Exfoliating Brush gets deep in your pores to lift trapped dirt, oils, and debris. Plus, the Ultimate Skin Spa comes equipped with a Silicone Brush that's perfect for dry and sensitive skin. The flexible silicone bristles gently remove dead skin and unclog your pores to make sure your skin can absorb beneficial skin products.

USING YOUR ULTIMATE SKIN SPA

- Attach your desired brush head.
- Gently wet your face with warm water.
- Apply cleanser to your skin or to the head of the brush.
- Push the on/off button to turn on the Ultimate Skin Spa.
- Push the on/off button again to change the mode.
- Gently move the brush head in small circular motions around the area you are cleansing.
- Push the on/off button again when finished to turn off the Ultimate Skin Spa.

Note:

Keep the brush head flush to your skin. Pressing too hard will impede the motion of the brush and reduce its effectiveness. For maximum run time, we recommend using alkaline batteries.

DAILY CLEANSING BRUSH

The Daily Cleansing Brush is made of ultra-soft bristles that are specially designed for the tender skin on your face. For best results, always moisten your face and brush prior to use.

IMPORTANT SAFEGUARDS & WARNINGS

If you are under a doctor's care for any skin condition or if you think you may have a skin condition, please consult your physician before using the Vanity Planet Ultimate Skin Spa. To ensure that you experience the full range of benefits from this device and its attachments, we recommend the following:

- Do not share brush heads with anyone.
- Use with a gentle daily cleanser designed for the face.
- Do not use jagged exfoliating particles, such as shells, with the Ultimate Skin Spa.
- If you would like to use with an exfoliating product, use one that contains soft, rounded particles.
- Using your Vanity Planet Ultimate Skin Spa to remove makeup may stain the bristles of the brush head; if discoloration occurs, clean the brush head with soap and water.
- Change your brush heads every two to three months.

EXFOLIATING BRUSH

The hygienic, quick-drying bristles of the Exfoliating Brush are specially designed to lift away debris. For best results, we recommend that you cleanse your face before exfoliating.

CARING FOR YOUR ULTIMATE SKIN SPA

To keep your Spin for Perfect Skin in optimum condition, do not use abrasive cleaners or chemicals to clean any part of the unit. The handle is sealed and fully waterproof. However, you should not submerge any part of the Vanity Planet Ultimate Skin under water.

Cleaning the Handle & Brush Heads

- To remove any residue or buildup, clean the handle at least once a week by removing the brush head and washing the device thoroughly with soapy water.
- Never attempt to open the brush handle for any reason.
- Rinse brush heads thoroughly after every use.
- Dermatologists recommend replacing brush heads every three months with regular use.

INSERTING THE BATTERIES

Remove the battery cover by moving the battery lock to the open position at the bottom of the handle. Install 2 AA-Batteries, match the polarity symbols as you install. Replace the cover and slide the battery lock back to the closed position. Batteries are not included.

SILICONE BRUSH

Perfect when you need a deep, but gentle clean. For dry or sensitive skin. Non-abrasive silicone touch-points gently remove dead skin and unclog pores to enhance absorption of skincare products.
