

**Because keeping you safe is our top priority...
Please take a moment to read through the following
care and use instructions for your new glasses.**

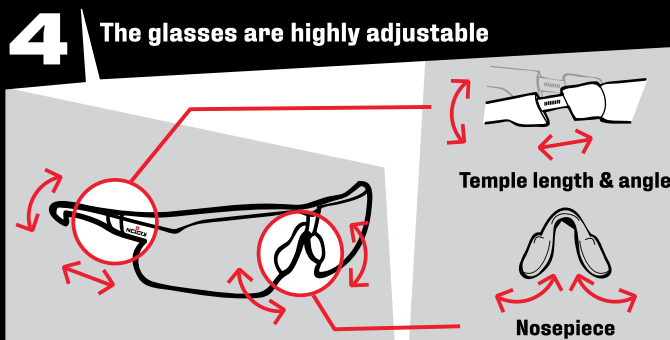

The lenses have anti-scratch and anti-fogging treatment.

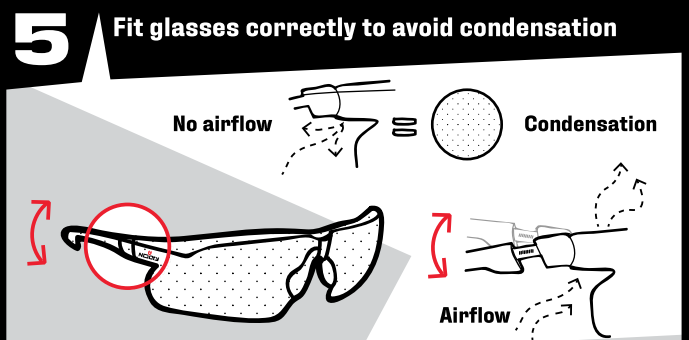

Clean the glasses only using a dry or water-moistened soft micro-fiber cloth. Do not use chemicals.

When not in use, store the glasses in a protective case.

Adjust the glasses so that they will fit your face securely and comfortably before each use.

If there is condensation building up on the lenses try to adjust the temple angle.

Make sure that the glasses are the most suitable means of protection from potential threats you are likely to be exposed to in your working environment.

Feel free to contact us. We're always here to help.

HOW DO YOU LIKE YOUR NEW NOCRY SAFETY GLASSES?

**Help customers just like you make better choices by sharing
an honest review of your experience on  or  Trustpilot**

Your feedback helps us serve you better and it helps others choose the best products.
