ABOUT YOUR COVER

Your Certificate will show the benefits applicable for your protection.

YOU'RE COVERED WHEN...

Your insured product is accidentally damaged

Accidental damage protection.

Your product is covered up to the cover limit for accidental damage including, damage caused by weather, liquids, fire and mishandling. Repairs, replacements, delivery, call-outs and installation are all covered up to the cover limit.

Your insured product is stolen

For the life of the policy, stolen products will be replaced.

If your product is stolen we will replace it. Theft claims must be accompanied by a police report.

Your insured product's failure or damage is not covered by an existing warranty

This coverage expands and extends your existing product warranty to cover gaps.

Your product includes a warranty from the manufacturer or retailer, however there are duration-based (how many years is the warranty valid) and coverage-based limits (for instance, water-based damage is often excluded by manufacturers). This cover applies when your existing product warranty does not cover your claim.

Your products are covered in your residence country and worldwide on trips not exceeding a duration of 183 consecutive days, and the benefits listed below endure for the life of the policy.

WE REPLACE WHEN...

It's more expensive to repair than replace a product

For the life of the policy, your products can be REPLACED.

The amount paid is the same as your cover limit, shown on your certificate.

PRODUCT PROTECTION

The claims team will either replace your product if it is inoperable or has been stolen, or they will issue a monetary payment that you can use as you wish. If we replace a product, the condition will be the same as your original purchase (i.e. a refurbished product will be replaced with a similar refurbished product or the same refurbished product). Replacement products may be similar in specification to the insured product, or they will be the same. If a monetary payment is made, the value will be the same as the cover limit.

WE REPAIR WHEN...

It's cheaper to repair than replace a product.

For the life of the policy your products can be REPAIRED.

You can have up to 3 repairs in any 12-month period up to the total claims limit stated on your certificate of insurance.

Our claims team will notify you of the steps to undertake to repair your inoperable product.

REPAIRS

The following applies to all repairs:

- A 6-month guarantee is included.
- If the same issue occurs 3 times within 12 months we will replace the item free of charge.
- We will pay up to £50 for any installation costs.
- We will only use original spare parts.
- The insured item will be covered for damage while in transit to and from the repairer.

If the repair is not successful:

- We will provide an option of replacement of a new or refurbished item of equal features or functionality.
- If replacing your item is not possible we will offer a financial reimbursement.
