

MODVEL ANKLE BRACE

User Guide

How can the Modvel Ankle Brace help me?

The Modvel Ankle Brace provides targeted compression designed to alleviate pain, swelling, and discomfort associated with conditions such as:

- Plantar Fasciitis
- Arthritis
- Tendonitis
- Ankle sprains
- Swelling due to injuries or surgery
- Post-surgery recovery

It offers firm yet gentle compression, helping you move comfortably and confidently throughout your daily activities.

What should I do if the fit isn't right?

We understand every foot is unique. That's why we've provided a comprehensive measuring guide included with your package. Please double-check your measurements for accurate sizing.

If you still experience issues with the fit, or if you have any concerns, our dedicated customer support team is eager to assist you. Reach out to us, and we'll work closely with you to find the perfect fit and ensure your complete satisfaction.

We're always here for you:

What is included in the package?

Your Modvel Ankle Brace package includes:

- Two ankle compression sleeves
- A measuring guide to help ensure the ideal fit
- Detailed instructions and care guidelines to maximize comfort, effectiveness, and longevity of your braces.

Can I wear shoes with the ankle brace?

Yes! The Modvel Ankle Brace is crafted from a lightweight, breathable material designed specifically to fit comfortably inside most shoes. Its thin yet durable profile ensures you can wear your favorite shoes without added bulk or discomfort.

For best results, we recommend using the brace directly against your skin and avoiding additional foot inserts or gel pads, which may reduce its effectiveness.

Should the ankle brace be tight or loose?

Your ankle brace should provide a snug yet comfortable fit, delivering effective support without causing discomfort or restricting circulation.

- If it feels too tight (causing numbness, tingling, or excessive discomfort), readjust or double-check the size using the provided measuring guide.
- If it feels loose (offering insufficient compression or slipping), ensure you have selected the correct size based on our measuring guide.

CARE INSTRUCTIONS

To ensure your Modvel Ankle Brace maintains its quality and performance, follow these care instructions:

MACHINE WASH

Warm water
(up to 40°C)

DO NOT BLEACH

Avoid chlorine and
harsh chemicals.
