

## **ASSAULT AIRBIKE LIMITED WARRANTY**

### **Frame Parts – Five Year Limited Warranty**

We will replace or repair, at our discretion, the frame parts listed below that fail due to a defect in material or workmanship for a period of five years from date of purchase of the Assault AirBike.

The warranty is extended to the individual whose name appears on the Warranty Registration and may not be transferred to any other individual or legal entity. In the absence of a valid Warranty Registration, the original sales receipt will serve as satisfactory documentation of the valid warranty status.

This warranty excludes damage to the finish of the machine, damage sustained as a result from neglect, abuse, or failure to follow the suggested maintenance requirements (see Maintenance), shipping charges and if applicable, labor for the installation of any parts shipped to the owner under this warranty.

The Five Year Warranty applies to the main frame, stabilizers, flywheels, flywheel cage, seat post, seat slide, handlebar, drive linkage, and console mast.

### **Other Parts – Two Year Limited Warranty**

We will replace or repair, at our discretion, any part that fails for any reason for a period of two (2) years from date of purchase of your Assault AirBike.

The warranty is extended to the individual whose name appears on the Warranty Registration and may not be transferred to any other individual or legal entity. In the absence of a valid Warranty Registration, the original sales receipt will serve as satisfactory documentation of the valid warranty status.

This warranty excludes damage to the finish of the machine, damage sustained as a result from neglect, abuse, or failure to follow the suggested maintenance requirements (see Maintenance), shipping charges and if applicable, labor for the installation of any parts shipped to the owner under this warranty.

### **Additional Information**

The provisions of this warranty are in lieu of any other warranty, whether express or implied, written or oral.

Under no circumstances shall we be liable to purchase or any other person for any special, incidental or consequential damages, whether arising out of breach of warranty or otherwise.

Some states/territories do not allow the exclusion or limitation of special, incidental or consequential damages, so the above limitation or exclusion may not apply to you. In the event of a defect, malfunction, or other failure of the product not caused by any misuse or damage to the product while in the possession of the consumer, we will remedy the failure or defect, without charge to the consumer, within 14 business days of its receipt of the product. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at our discretion. However, we will not elect refund unless we are unable to provide replacement, and repair is not commercially practicable

and cannot be made within the time for performance or unless the consumer is willing to accept such refund. Replacement of a component part includes its free installation if the unit is returned to us.

This warranty gives you specific legal right, and you may also have other rights that vary from state to state/territory to territory. This warranty does not cover shipping charges or labor for installation of any parts shipped to you under warranty. The term of this warranty begins on the date the product is shipped to the purchase, and continues for a period of two (2) years.

### **Voided Warranty**

The warranty does not apply to any failure of the product or its components due to alterations or modifications, misuse and abuse, accidental damage, lack of maintenance or improper assembly. Improper assembly can be avoided if the unit is assembled by an authorized technician. Damage due to improper assembly is not covered by the warranty. Common assembly errors can include damaged wire harnesses, stripped screws and nuts, crank arms or damaged threads. If the serial number has been removed, altered or defaced, the warranty for the affected unit is voided.

### **Warranty Registration**

Warranty commitments are valid only with a completed Warranty Registration. Please return the warranty card (See page 23).

**MAINTENANCE**

All Assault AirBike models are engineered for years of operation. Let noise be your first indication that a repair or adjustment is required. Please discontinue use immediately and contact an Authorized Service Technician or Fitness Dealer if an unusual noise, scraping, knocking, grinding or vibration is detected. Often, a minor issue will become a major repair if ignored and use is continued.

Prior to each workout, confirm that all adjustment levers and screws are tightened.

The Assault AirBike is manufactured of the most durable materials available. The plastics are molded of strong and chemical-resistant ABS and PVC. The frame is produced of high-tensile steel and protected with an industrial-grade, powder paint coating for the highest level of corrosion resistance. It is important to note however, that perspiration can be extremely corrosive if allowed to accumulate on the machine. After training, always wipe down the unit with a mild soap solution followed by a thorough drying with a clean towel. Positioning a small spray bottle and towel near the unit will help ensure that your equipment looks new for many years.

**NOTE:** *Perspiration is very corrosive and if allowed to remain on the machine, will cause discoloration, fading, rust and odors. Unfortunately, these conditions are not covered under the Warranty Policy*

**WARRANTY REGISTRATION CARD**

Please return the completed warranty registration card 15 days of purchase. Failure to comply may void the warranty.
