9. Do not use while bathing or showering. Use only in a dry area.
10. Always unplug the unit from the electrical outlet immediately after using and before cleaning.
11. Keep out of reach of children.

OPERATION

1. Make sure foot bath is in OFF position.
2. Place foot bath on floor, fill with warm or cold water to the level indicator "MAX". Do not fill above water-level indicator. Never overfill. Plug into wall outlet. Never plug in or unplug the foot bath while your feet are in water.
3. The heat setting is designed to maintain the temperature of warm water, not to heat water.
4. Sit in a chair and place your feet in the water. Never stand in foot bath.
5. Push button to start.
6. Push button to OFF position after use and disconnect from outlet before emptying water. Empty water out of the side opposite side with control knobs.
7. Pour water out of the footbath from the side opposite the line cord only.
8. To clean foot bath, turn appliance off and unplug from outlet and then rinse with water. (Never submerge unit in water.) Wipe with a damp cloth. Do not use any strong chemical cleaners or solvents such as benzene, harsh detergents or abrasives.
9. This unit has no user-serviceable parts.
10. To store: Unplug the appliance from the outlet. Store in appliance box or a clean, dry place. To avoid breakage, do not wrap the power cord around the unit. Do not hang the unit by the cord.

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical product, basic safety precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS APPLIANCE.

DANGER

— To reduce the risk of death by electric shock:

1. Always unplug this appliance from the electrical outlet immediately after using and before cleaning.
2. Do not reach for an appliance that has fallen into water. Unplug immediately.

3. Do not use while bathing or in a shower.

4. Do not place or store appliance where it can fall or be pulled into a tub or sink. Do not place or drop into water or other liquids.

WARNING

injury to persons:

1. An appliance should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
2. Do not operate under blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
3. This appliance should not be used by, on, or near children, or persons with certain disabilities.

4. Use this appliance only for its intended use as described in this manual. Do not use attachments that were not intended for this product.

5. Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped or damaged, or dropped into water. Return the appliance to the place of purchase for examination and repair.

6. Do not carry this appliance by supply cord or use cord as a handle.

7. Keep the cord away from heated surfaces.

8. Never operate the appliance with the air openings blocked. Keep the air openings free of lint, hair and other particles.

9. Never drop or insert any object into any opening.

10. To disconnect, turn all controls to the OFF position, then remove plug from the outlet.

11. Do not use outdoors.

12. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.

13. Do not attempt to plug in or unplug unit while feet are in the water.

14. Do not stand on or in the foot bath. Use only while seated. Place feet in bath and remove feet from bath while in a seated position only.

15. Never operate on a soft surface, such as a bed or couch, where air openings may be blocked.

16. Use heated surface carefully; may cause serious burns. Do not use on sensitive skin or in the presence of poor circulation. The unattended use of heat by children or incapacitated persons may be dangerous.

17. This appliance is for household use only.

18. To prevent scalding, never add boiling or steaming water to the foot bath.

Servicing of Double-Insulated Products

In a double-insulated product, two systems of insulation are provided instead of grounding. No grounding means is provided on a double-insulated product, nor should a means for grounding be added to the product. Servicing a double-insulated product requires extreme care and knowledge of the system, and should be done only by qualified service personnel. Replacement parts for a double-insulated product must be identical to the parts they replace. A double-insulated product is marked with the words "DOUBLE INSULATION" or "DOUBLE INSULATED." The symbol (square within a square) may also be marked on the product.

MASSAGER INSTRUCTIONS

Place foot on massager. Move your foot around for more pressure and treatment.

RECOMMENDED MASSAGING TIMES

Generally, massage should not last longer than 10–15 minutes.

Treatment may be applied once or twice daily as desired. Allow unit to cool before using again. As a person's metabolism varies, so does his or her response to massage. You should adjust your massage time to suit your needs and personal comfort. If you have any concerns regarding treatment, we recommend you consult your physician.

OPERATING INSTRUCTIONS

CAUTIONS

To reduce the risk of electric shock, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in anyway.

1. Consult your physician before using in case of illness or medical condition, including but not limited to pacemaker use, pregnancy, cancer, infection, fracture or persistent pain.
2. Do not use if you experience unexplained pain or swollen muscles, or following a serious injury, before consulting your physician.
3. Do not use if you have any of the following conditions: diabetes, tuberculosis, benign or malignant tumors, phlebitis, sores, varicose veins, poor circulation or bruised, discolored, burned, broken, swollen or inflamed skin.

4. This product should not be used by any individual suffering from a condition that limits or altogether inhibits the user's capacity to feel or have sensation in any part of the body.
5. If you experience pain in a muscle or joint for a prolonged period of time, discontinue use and consult your physician. Persistent pain could be a symptom of a more serious condition.
6. Use of this product should be pleasant and comfortable. Should pain or discomfort result, discontinue use and consult your physician.
7. Never use while sleeping or drowsy.
