What Deadbolts are Compatible with August Smart Locks?

Below is a list of deadbolts that we have tested that are compatible with August Smart Locks. Currently, August Smart Locks are only compatible with single cylinder deadbolts. With our newest August Wi-Fi Smart Lock we offer a bundle that includes a compatible Yale flat round single cylinder deadbolt. See product specifications for the bundle here.

The image below illustrates what to look for to determine whether your existing lock is compatible:

PLEASE NOTE: We are not currently compatible with:

- Mortise locks
- Double Cylinder deadbolts (key hole on both outside and inside of door)
- Medeco, Mul-t-Lock or single sided deadbolts

The following list of Assa Abloy's Emtek- and Yale-branded deadbolts are compatible with August Smart Locks:
