Sony® Internet TV powered by Google TV™

Seamlessly search between the entire Internet, TV listings and made-for-TV Android™ apps, the possibilities are endless.

Possibilities

Full QWERTY Remote

Finding your favorite content is a breeze with intuitive handheld keypad. Full QWERTY keyboard and optical mouse. Easily navigate the internet, search for TV shows, apps, movies and more.

Easy Search

Spend less time searching and more time watching. Simply type what you're looking for in the search box and get results from TV listings, video content, websites and more.

"Google TV Remote" App

Download the free "Google TV Remote" app and use your iPhone® or Android™ phone as a fully functional remote.

Use the mouse pad, arrow keys, and the full range of buttons for easy navigations. You can even use voice search and sharing.²

Sony with Intel Inside® means videos and websites load quickly on the Sony Internet TV powered by Google TV.

High Speed

Intel® Atom™ processor 1.6GHz

Quickly load websites and stream video with the power of Intel Inside®.

Google Chrome™ Browser

The web has moved from viewing to doing. The Google Chrome browser is a fast, simple browser that lets you make the most of the modern web.

Dual View

Watch TV and browse the Internet, at the same time, on the same screen with Dual View.

A Sony TV with Intel Inside® gives you the power to discover.

Discovery

Bookmark

Not only can you bookmark web pages for instant return, you can also bookmark TV channels and favorite apps.

Exciting Apps

Enjoy pre-installed made-for-TV apps like Netflix®, NBA and Pandora®. Keep your eyes peeled for many more when Android Market™ comes to life later this summer.
