PAULA'S CHOICE SKINCARE

Approved for Distribution

SAFETY DATA SHEET

1. IDENTIFICATION

Product Name:	Paula's Choice Skin Perfecting 2% BHA Liquid Exfoliant
Product Code:	2010, 2016
Recommended Use:	Cosmetic Product for External use only.
Restriction on Use:	Use as directed on label

Company Identification

NAME:	EMERGENCY TELEPHONE NUMBER:
Paula's Choice LLC.	1.800.831.4088
ADDRESS:	TELEPHONE NUMBER FOR INFO:
705 5th Avenue South, Suite 200 Seattle, WA 98104	1.800.831.4088

2. HAZARDS IDENTIFICATION

This is a personal care / cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use. Avoid contact with eyes. Hazardous in case of ingestion.

Classification:

This product is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Label Elements:

Hazard Symbol

Signal Word	Warning
Hazard Statement	Irritant to eyes
Precautionary Statement	
General:	**READ LABEL BEFORE USE**
Prevention:	Not applicable
Response:	If IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do, continue rinsing.
Storage:	Protect from direct sunlight. Do not expose to temperatures exceeding 50 °C/122 °F
Disposal:	Not Applicable
Hazards (s) not otherwise Classified (HNOC)	None
Supplemental Information	None

3. COMPOSITION/INFORMATION ON INGREDIENTS

The chemical composition of this product has been withheld as a trade secret. However, based on the health hazard determination of contained ingredients present at a concentration greater than one percent, this mixture presents the following hazard:

Chemical Name	CAS NO.	Concentration (%)
Salicylic Acid	69-72-7	2.0%

4. FIRST AID MEASURES

Inhalation: If symptoms develop, move victim to fresh air. Seek medical attention if symptoms persist.

Skin: Wash off with warm water and soap. Seek medical attention if irritation occurs and persists.

Eye Contact: Flush with plenty of water for at least 15 minutes, if irritation persists, seek medical attention.

Ingestion: If swallowed, rinse mouth with water. Do not induce vomiting. Seek prompt medical attention if ingestion of a large amount does occur.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media:
Water, Foam, Sand/Earth.

Specific hazards arising from the product:
No information available.

Hazardous combustion products:
None known.

Protective equipment and precautions for firefighters:
As in any fire, wear NIOSH approved self-contained breathing apparatus and protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures:
Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Local authorities should be advised if significant spillages cannot be contained.

Methods and materials for containment and cleaning up:
Large Spills: Stop the flow of the material, if it is without risk. Absorb spilled material with inert material such as sawdust, sand, or earth then place in a sealed container for chemical waste.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills in original containers for re-use. For waste disposal, see section 13 of this SDS.

Environmental precautions:
Avoid discharge into drains, water courses or onto the ground.

7. HANDLING AND STORAGE

Precautions for safe handling:
Observe label use instruction and precautions. Avoid contact with eyes. Do not taste or swallow. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities:
Store in original tightly closed container in a dry and cool place. Keep away from heat, sparks, open flame, or freezing condition.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Control Parameters
Exposure guidelines are not relevant when product is used as intended in a household setting. If applicable, the exposure limits are listed below.

Component	OSHA PEL (4/26/13)	ACGIL TLV
None		

Exposure Controls
Appropriate Engineering Controls
Engineering Measurers: General ventilation normally adequate.

Individual protection measures, such as personal protective equipment
Manufacturing: Protective clothing, goggles, and gloves. Handle in accordance with good manufacturing practices. In case of insufficient ventilation, wear suitable respiratory equipment.

Household setting:
Eyes/Face/Skin/Body Protection - No special protective equipment required.

General hygiene considerations: Always observe good personal hygiene measures, such as washing after handling the product and before eating, drinking, and/or smoking. Handle in accordance with good manufacturing hygiene and safety practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance	Clear Liquid
Color	Colorless
Odor	Characteristic

Other physical and chemical parameters

pH	3.20 – 3.70
Melting Point/Freezing Point	No information available
Initial Boiling Point and Boiling Range	No information available
Flash Point	No information available
Evaporation Rate	No information available
Flammability (solid, gas)	No information available
Upper Flammability Limit	No information available
Lower Flammability Limit	No information available
Vapor Pressure	No information available
Vapor Density	No information available
Relative Density	No information available
Specific Gravity	1.010 – 1.050
Solubility of Product	Dispersible in water
Viscosity of Product	No information available
Decomposition Temperature	No information available
VOC Content (%)	No information available

The data above are typical values and should not be interpreted as product specification.

10. STABILITY AND REACTIVITY

Reactivity	None under normal use conditions.
Stability	Stable under conditions.
Hazardous Reaction	None under normal use conditions.
Condition to avoid	Keep away from open flames, hot surfaces, and sources of ignition. Extremes of temperature and direct sunlight
Incompatible Materials	None known.
Hazardous Decomposition Products	None under normal use.

11. TOXICOLOGICAL INFORMATION

Routes of exposure Skin contact

Information on likely routes of exposure

Ingestion	Avoid ingestion. Maybe harmful if swallowed.
Inhalation	No adverse effects are expected.
Skin Contact	May cause skin irritation.
Eye Contact	Avoid contact with eyes. May cause irritation.

Symptoms related to the physical, chemical, and toxicological characteristics

Direct contact with eyes may cause irritation.

Information on Toxicological Effects

Acute Toxicity	No adverse effects are expected based on primary irritant testing results.

Skin corrosion/irritation	HIPT test shows that product does not cause skin sensitization
Serious eye damage/eye irritation	No known effect.
Respiratory sensitization	No known effect.
Skin sensitization	No skin reaction or sensitization is expected.
Germ Cell mutagenicity	No known effect.
Mutagenicity	No known effect.
Carcinogenicity	Not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	No known effect.
Teratogenicity	No known effect.
Specific target organ toxicity	No known effect.
Single Exposure	No known effect.
Repeated exposure	No known effect.
Aspiration hazard	No known effect.

12. ECOLOGICAL INFORMATION

Ecotoxicity This product is not expected to be hazardous to the environment.

Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility	No data available.
Other adverse effects	No data available.

13. DISPOSAL CONSIDERATIONS

Disposal Instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local Disposal Regulations	Dispose in accordance with all applicable regulation.
Waste from residues/unused products	Dispose in accordance with local regulations
Packaging	Empty containers should be taken to an approved wasted handling site for recycling or disposal.

14. TRANSPORT INFORMATION

U.S. Department of Transportation (DOT)	Not Regulated as dangerous goods.
International Air Transport Association (IATA)	Not Classified.
International Maritime Dangerous Goods (IMDG)	Not Classified.
Transport in Bulk according to Annex II of MARPOL 73/78 and IBC Code	Not relevant

15. REGULATORY INFORMATION

U.S. Federal Regulation

SARA 313 Not Applicable

Food and Drug Administration (FDA)	The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable)
California Proposition 65	Not subject to warning labeling.
EU Cosmetic Status	Compliant with Cosmetic Regulation (EC) 1223/2009
Global Inventory Status	Listed in the Australian Inventory of Chemical Substances (AICS)

16. OTHER INFORMATION

References: Regulations, Databases, literature, own research.
Issue date 03/05/2018
Revision date: 11/02/2018 **Supersedes:** G-23-94-D
Version #
Further information This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communications Standard 29 CFR 1910.1200

PAULA'S CHOICE SKINCARE

Approved for Distribution

SAFETY DATA SHEET

1. IDENTIFICATION

Product Name:	Paula's Choice Azelaic Acid Booster
Product Code:	7750, 7757, 7752, 7759
Recommended Use:	Cosmetic Product for External use only
Restriction on Use:	Use as directed on label

Company Identification

NAME:	EMERGENCY TELEPHONE NUMBER:
Paula's Choice LLC.	1.800.831.4088
ADDRESS: 705 5th Avenue South, Suite 200 Seattle, WA 98104	TELEPHONE NUMBER FOR INFO: 1.800.831.4088

2. HAZARDS IDENTIFICATION

This is a personal care / cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use. Avoid contact with eyes. Hazardous in case of ingestion.

Classification:

This product is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Label Elements:

Hazard Symbol	None
Signal Word	Warning
Hazard Statement	May cause eye irritation
Precautionary Statement	
General:	**READ LABEL BEFORE USE**
Prevention:	Not applicable
Response:	If IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do, continue rinsing.
Storage:	Protect from direct sunlight. Do not expose to temperatures exceeding 50 °C/122 °F
Disposal:	Not Applicable
Hazards (s) not otherwise Classified (HNOC)	None
Supplemental Information	None

3. COMPOSITION/INFORMATION ON INGREDIENTS

The chemical composition of this product has been withheld as a trade secret. However, based on the health hazard determination of contained ingredients present at a concentration greater than one percent, this mixture presents the following hazard:

Chemical Name	CAS NO.	Concentration (%)
Azelaic Acid	123-99-9	10.0%
C12-15 Alkyl Benzoate	68411-27-8	5.0 – 10.0%
Caprylic/Capric Triglyceride	73398-61-5	1.0 – 5.0%
Metlhyl Glucoside Sesquistearate	68936-95-8	1.0 – 5.0%
Glycerin	56-81-5	1.0 – 5.0%
Dimethicone	9006-65-9	1.0 – 5.0%

4. FIRST AID MEASURES

Inhalation: If symptoms develop, move victim to fresh air. Seek medical attention if symptoms persist.

Skin: Wash off with warm water and soap. Seek medical attention if irritation occurs and persists.

Eye Contact: Flush with plenty of water for at least 15 minutes, if irritation persists, seek medical attention.

Ingestion: If swallowed, rinse mouth with water. Do not induce vomiting. Seek prompt medical attention if ingestion of a large amount does occur.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media:
Water, Foam, Sand/Earth, or Carbon Dioxide.

Specific hazards arising from the product:
No information available.

Hazardous combustion products:
Carbon Oxides.

Protective equipment and precautions for firefighters:
As in any fire, wear NIOSH approved self-contained breathing apparatus and protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures:
Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Local authorities should be advised if significant spillages cannot be contained.

Methods and materials for containment and cleaning up:
Large Spills: Stop the flow of the material, if it is without risk. Absorb spilled material with inert material such as sawdust, sand, or earth then place in a sealed container for chemical waste.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills in original containers for re-use. For waste disposal, see section 13 of this SDS.

Environmental precautions:
Avoid discharge into drains, water courses or onto the ground.

7. HANDLING AND STORAGE

Precautions for safe handling:
Observe label use instruction and precautions. Avoid contact with eyes. Do not taste or swallow. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities:
Store in original tightly closed container in a dry and cool place. Keep away from heat, sparks, open flame, or freezing condition.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure guidelines are not relevant when used as intended in a household setting.

Control Parameters
Exposure guidelines are not relevant when product is used as intended in a household setting. If applicable, the exposure limits are listed below.

Component	OSHA PEL (4/26/13)	ACGIH TLV
Glycerin	5mg/m^3, 8hr, respirable fraction 10mg/m^3, 8hr, Total dust	None established

Exposure Controls
Appropriate Engineering Controls
Engineering Measurers: General ventilation normally adequate.

Individual protection measures, such as personal protective equipment
Manufacturing: Protective clothing, goggles, and gloves. Handle in accordance with good manufacturing practices. In case of insufficient ventilation, wear suitable respiratory equipment.

Household setting:
Eyes/Face/Skin/Body Protection - No special protective equipment required.

General hygiene considerations: Always observe good personal hygiene measures, such as washing after handling the product and before eating, drinking, and/or smoking. Handle in accordance with good manufacturing hygiene and safety practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance

Color	White to off-white
Odor	Characteristic

Other physical and chemical parameters

pH	3.00 – 4.50
Melting Point/Freezing Point	No information available
Initial Boiling Point and Boiling Range	No information available
Flash Point	Not applicable
Evaporation Rate	No information available
Flammability (solid, gas)	No information available
Upper Flammability Limit	No information available
Lower Flammability Limit	No information available
Vapor Pressure	No information available
Vapor Density	No information available
Relative Density	No information available
Specific Gravity	0.960 – 1.050
Solubility of Product	Partially miscible
Viscosity of Product	20,000 – 70,000 cPs
Decomposition Temperature	No information available
VOC Content (%)	No information available

The data above are typical values and should not be interpreted as product specification.

10. STABILITY AND REACTIVITY

Reactivity	None under normal use conditions.
Stability	Stable under conditions.
Hazardous Reaction	None under normal use conditions.
Condition to avoid	Keep away from open flames, hot surfaces, and sources of ignition. Extremes of temperature and direct sunlight
Incompatible Materials	None Known.
Hazardous Decomposition Products	None under normal use.

11. TOXICOLOGICAL INFORMATION

Routes of exposure Skin contact

Information on likely routes of exposure

Ingestion	Avoid ingestion. Maybe harmful if swallowed.
Inhalation	No adverse effects are expected.
Skin Contact	No adverse effects are expected.
Eye Contact	Avoid contact with eyes. May cause irritation.

Symptoms related to the physical, chemical, and toxicological characteristics
Direct contact with eyes may cause temporary irritation.

Information on Toxicological Effects

Acute Toxicity	No adverse effects are expected.
Skin corrosion/irritation	Not classified as a skin corrosive or irritant.
Serious eye damage/eye irritation	No known effect.
Respiratory sensitization	No known effect.
Skin sensitization	No skin reaction or sensitization is expected.
Germ Cell mutagenicity	No known effect.
Mutagenicity	No known effect.
Carcinogenicity	Not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	No known effect.
Teratogenicity	No known effect.
Specific target organ toxicity	No known effect.
Single Exposure	No known effect.
Repeated exposure	No known effect.
Aspiration hazard	No known effect.

12. ECOLOGICAL INFORMATION

Ecotoxicity This product is not expected to be hazardous to the environment.

Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility	No data available.
Other adverse effects	No data available.

13. DISPOSAL CONSIDERATIONS

Disposal Instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local Disposal Regulations	Dispose in accordance with all applicable regulation.
Waste from residues/unused products	Dispose in accordance with local regulations
Packaging	Empty containers should be taken to an approved wasted handling site for recycling or disposal.

14. TRANSPORT INFORMATION

2. HAZARDS IDENTIFICATION

This is a personal care / cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use. Avoid contact with eyes. Hazardous in case of ingestion.

Classification:

This product is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Label Elements:

Hazard Symbol

Signal Word	Warning
Hazard Statement	Irritant to eyes
Precautionary Statement	
General:	**READ LABEL BEFORE USE**
Prevention:	Not applicable
Response:	If IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do, continue rinsing.
Storage:	Protect from direct sunlight. Do not expose to temperatures exceeding 50 °C/122 °F
Disposal:	Not Applicable
Hazards (s) not otherwise Classified (HNOC)	None
Supplemental Information	None

3. COMPOSITION/INFORMATION ON INGREDIENTS

The chemical composition of this product has been withheld as a trade secret. However, based on the health hazard determination of contained ingredients present at a concentration greater than one percent, this mixture presents the following hazard:

Chemical Name	CAS NO.	Concentration (%)
Salicylic Acid	69-72-7	<0.50%
Acrylates/Steareth-20 Methacrylate Copolymer	Not Applicable	1.0 – 3.0 %
Glycerin	56-81-5	1.0 – 15.0%
PEG-200 Hydrogenated Glyceryl Palmate	67784-88-7	1.0 – 3.0 %
Sodium Laureth Sulfate	68585-34-2	1.0 – 3.0 %
Sodium Lauroyl Sarcosinate	137-16-6	5.0 – 10.0%

4. FIRST AID MEASURES

Inhalation: If symptoms develop, move victim to fresh air. Seek medical attention if symptoms persist.

Skin: Wash off with warm water and soap. Seek medical attention if irritation occurs and persists.

Eye Contact: Flush with plenty of water for at least 15 minutes, if irritation persists, seek medical attention.

Ingestion: If swallowed, rinse mouth with water. Do not induce vomiting. Seek prompt medical attention if ingestion of a large amount does occur.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media:
Water, Foam, Sand/Earth.

Specific hazards arising from the product:
No information available.

Hazardous combustion products:
None known.

Protective equipment and precautions for firefighters:
As in any fire, wear NIOSH approved self-contained breathing apparatus and protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures:
Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Local authorities should be advised if significant spillages cannot be contained.

Methods and materials for containment and cleaning up:
Large Spills: Stop the flow of the material, if it is without risk. Absorb spilled material with inert material such as sawdust, sand, or earth then place in a sealed container for chemical waste.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills in original containers for re-use. For waste disposal, see section 13 of this SDS.

Environmental precautions:
Avoid discharge into drains, water courses or onto the ground.

7. HANDLING AND STORAGE

Precautions for safe handling:
Observe label use instruction and precautions. Avoid contact with eyes. Do not taste or swallow. Keep out of the reach of children.

Conditions for safe storage, including any incompatibilities:
Store in original tightly closed container in a dry and cool place. Keep away from heat, sparks, open flame, or freezing condition.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Control Parameters
Exposure guidelines are not relevant when product is used as intended in a household setting. If applicable, the exposure limits are listed below.

Component	OSHA PEL (4/26/13)	ACGIL TLV
Glycerin	5mg/m^3, 8hr, respirable fraction 10mg/m^3, 8hr, Total dust	None established

Exposure Controls
Appropriate Engineering Controls
Engineering Measurers: General ventilation normally adequate.

Individual protection measures, such as personal protective equipment
Manufacturing: Protective clothing, goggles, and gloves. Handle in accordance with good manufacturing practices. In case of insufficient ventilation, wear suitable respiratory equipment.

Household setting:
Eyes/Face/Skin/Body Protection - No special protective equipment required.

General hygiene considerations: Always observe good personal hygiene measures, such as washing after handling the product and before eating, drinking, and/or smoking. Handle in accordance with good manufacturing hygiene and safety practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Appearance

Physical State	Liquid
Color	Pale Blue
Odor	Characteristic

Other physical and chemical parameters

pH	5.00 – 6.00
Melting Point/Freezing Point	No information available
Initial Boiling Point and Boiling Range	No information available
Flash Point	No information available
Evaporation Rate	No information available
Flammability (solid, gas)	No information available
Upper Flammability Limit	No information available
Lower Flammability Limit	No information available
Vapor Pressure	No information available
Vapor Density	No information available
Relative Density	No information available
Specific Gravity	1.000 – 1.050
Solubility of Product	Partially miscible
Viscosity of Product	1,500 – 7,500 cPs
Decomposition Temperature	No information available
VOC Content (%)	No information available

The data above are typical values and should not be interpreted as product specification.

10. STABILITY AND REACTIVITY

Reactivity	None under normal use conditions.
Stability	Stable under conditions.
Hazardous Reaction	None under normal use conditions.
Condition to avoid	Keep away from open flames, hot surfaces, and sources of ignition. Extremes of temperature and direct sunlight
Incompatible Materials	Strong oxidizing agents
Hazardous Decomposition Products	None under normal use.

11. TOXICOLOGICAL INFORMATION

Routes of exposure Skin contact

Information on likely routes of exposure

Ingestion	Avoid ingestion. Maybe harmful if swallowed.
Inhalation	No adverse effects are expected.
Skin Contact	No adverse effects are expected.
Eye Contact	Avoid contact with eyes. May cause irritation.

Symptoms related to the physical, chemical, and toxicological characteristics
Direct contact with eyes may cause temporary irritation.

Information on Toxicological Effects

Acute Toxicity	No adverse effects are expected.
Skin corrosion/irritation	Not classified as a skin corrosive or irritant.
Serious eye damage/eye irritation	No known effect.
Respiratory sensitization	No known effect.
Skin sensitization	No skin reaction or sensitization is expected.
Germ Cell mutagenicity	No known effect.
Mutagenicity	No known effect.
Carcinogenicity	Not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	No known effect.
Teratogenicity	No known effect.
Specific target organ toxicity	No known effect.
Single Exposure	No known effect.
Repeated exposure	No known effect.
Aspiration hazard	No known effect.

12. ECOLOGICAL INFORMATION

Ecotoxicity This product is not expected to be hazardous to the environment.

Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available.
Mobility	No data available.
Other adverse effects	No data available.

13. DISPOSAL CONSIDERATIONS

Disposal Instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.
Local Disposal Regulations	Dispose in accordance with all applicable regulation.
Waste from residues/unused products	Dispose in accordance with local regulations
Packaging	Empty containers should be taken to an approved wasted handling site for recycling or disposal.

14. TRANSPORT INFORMATION

U.S. Department of Transportation (DOT)	Not Regulated as dangerous goods.
International Air Transport Association (IATA)	Not Classified.
International Maritime Dangerous Goods (IMDG)	Not Classified.
Transport in Bulk according to Annex II of MARPOL 73/78 and IBC Code	Not relevant

15. REGULATORY INFORMATION
