

TCM9161

snap-on™ Cover w/ Quick-Disconnect Round Mount

u-mount UNIVERSAL SYSTEM

FEATURES AND BENEFITS

There are snap on covers, and then there's the Snap-On™ Mounting System from On-Stage®! It's the fast and easy way to mount your tablet to everyday objects and surfaces. The u-mount is the ideal balance of ease and versatility. The TCM9161 is constructed from a combination of aluminum and soft velveteen plastic. There are precise cutouts for all of the tablet's controls, cameras, and ports. A 360° Ball Joint provides rotation and tilt adjustment, while a Pull Back Release Sleeve makes removing the cover from the Mounting Bar a breeze. We've even included a Prop-Up insert that converts the quick release into a slip-free tabletop monopod. Mounting bar handles tube and pipes 21-30mm in diameter.

Round Mount

TCM9161P Purple shown.
Additional colors at right.

1 STANDARD SNAP-ON™ BACK COVER

- Exclusive u-mount boss mates with u-mount series mounting devices.
- Soft velveteen polymer construction with a suede-textured inside surface.
- Anodized aluminum insert for strength and style.
- Cutouts for the cameras, speakers, headphones, on/off switch, data port, and volume controls.
- Compatible with popular magnetized folding front covers.

2 360° BALL JOINT

- 360° rotation, 30° tilt.
- 3 drop down slots allow 90° tilt for more flexibility.
- 8mm threaded stem and locking washer mate with u-mount boss.

3 PULL BACK RELEASE SLEEVE

- Attaches/releases 360° Ball Joint assemble from the Mounting Post.
- Locks in any of three rotational angles at the best starting position for your application.

4 MOUNTING POST

- 5/8" diameter post threaded to match the 5/8" hole in the Mounting Clamp.
- Collar at the opposite end of the post engages the quick release Pull Back Release Sleeve.

5 MOUNTING CLAMP

- Ergonomic S-shaped locking knob.
- Contoured pressure (locking) pad keyed in a track. Always in line with the mounted member.
- Flat end has a 5/8" - 27 threaded hole for attaching the Mounting Post.

6 PROP-UP (INCLUDED)

- Rubber foot plugs directly into Pull Back Release Sleeve.
- Creates a non-slip monopod for desktop applications. Great for typing, watching videos, reading, and more.
