Disclaimer: By submitting this document to Amazon, you hereby confirm that you have checked the regulations applicable to your product and that the information you provide is correct. In the case of erroneous or incomplete information provided through this SDS declaration, Amazon reserves its right to take the corresponding actions without prior notice. These actions may include but are not limited to: blocked purchase order placement, classification and inbound delays, and disposal of existing inventory at your expense.

SDS Declaration – Important notes

The purpose of this document is to allow Selling Partners to provide a binding statement that the Safety Data Sheet (SDS) they provide matches the product for which they submitted the SDS. Please use this document in case you are a reseller, and thus the manufacturer/brand details indicated in the SDS are different from the manufacturer/brand details appearing on the Amazon detail page of your product.

Important note: The SDS still needs to meet Amazon's SDS requirements, otherwise it will be **rejected** and you will need to submit a new document again:

1. Created or updated within the last five years
2. Include new GHS / CLP hazard identification information
3. The product name on the detail page must be the same as the product name shown on the SDS
4. Include all 16 standard SDS sections

For more information about dangerous goods and SDS, please consult Seller Central Help Pages or Vendor Central Resource Centre.
