- Rechargeable Lithium-Ion battery for 1 hour of cordless use
- 5 min quick charge
- Battery indicator light shows when charging & battery level
- Travel cap and pouch for protection during transport

Personalized hair removal solutions

- Bikini trimmer head and comb to achieve desired hair length
- Efficiency cap ensures more hairs shaved in a single pass

PHILIPS

Wet & dry cordless electric shaver

For legs, body, bikini area Advanced dual foil shaver, Rechargeable battery+ 1 Hr of Use, 5 accessories

BRL170/50

Highlights

Our most advanced system

The flexing curved blades are 75% more efficient than traditional ladyshave blades*. They sit under the protective foils that follow your contours for your closest shave ever.

Multiflex head with dual foils

Multiflex head with floating foils and flexing neck moves with you to keep optimal skin contact for fewer missed hairs.

Soft-touch comfort cushions

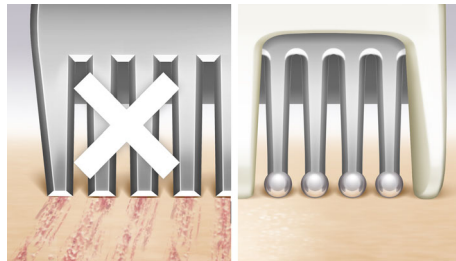

The soft-touch comfort cushions on either side of the shaving head deliver a smooth pass and a gentle touch, especially in curvy areas.

Wet and dry use

For gentle and comfortable use during your shower or bath routine with an anti-slip grip.

Pearl-tips and safety bars

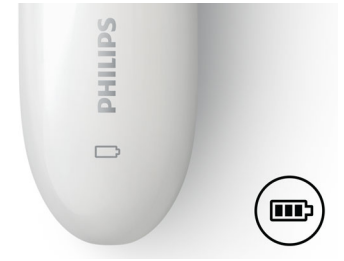

The rounded pearl-tip trimmer and safety bars that lie under the trimmer protect your skin from irritation for a more comfortable shave.

Ergonomic S-shaped handle

The ergonomic S-shaped handle is easy to steer for maximum control and better reach all over your body.

Battery indicator light

Battery indicator light alerts you as to when your shaver is charging and when it needs to be recharged, so you're never surprised by a low battery mid-treatment.

Quick charge

5 minute quick charge for a full shave.

Bikini trimmer head and comb

It includes a bikini trimmer head and comb to trim and shape your more delicate areas.
