INSTALLATION

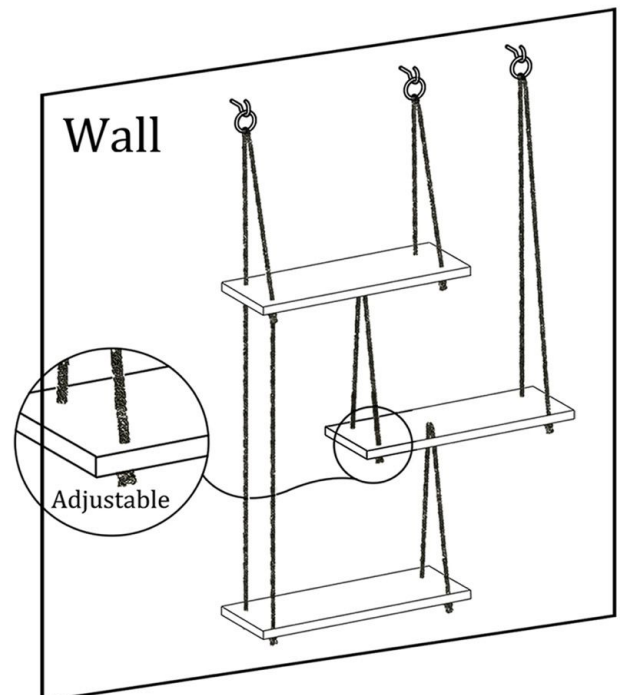

1. Measure the height desired on the wall and mark with a pencil.

2. Drill a hole on the marked spot with the drill.

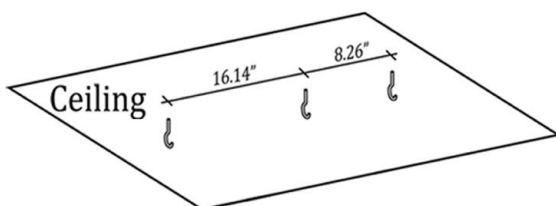

4. Use your hand to screw tight.

3. Here, it should be made as in the dimensions shown in the installation , otherwise your product will stand unbalanced

5. Hang shelf to the wall.

If you choose to hang on the ceiling. You may need to adjust the shelf balance.

Notes: If your shelf is unbalanced, you can make correction by easily playing with the knots as shown on the right. Enjoying.

Notes: All the knot for the rope is adjustable
