

Amino Acid

L-Arginine, Double Strength 1000 mg

PRODUCT SAFETY GUIDELINES

Product Description

- **Conditionally Essential Amino Acid**
- **Nitric Oxide Precursor***

L-Arginine is a conditionally essential basic amino acid involved primarily in urea metabolism and excretion, as well as in DNA synthesis and protein production.* It is an important precursor of Nitric Oxide (NO) and thus plays a role in the dilation of blood vessels.*

This product has twice the L-Arginine (1,000 mg per tablet) as in our regular strength product (500 mg per capsule).

The L-Arginine used in this product is Pharmaceutical Grade.

Natural color variation may occur in this product.

Available Quantities

120 Tablets

Suggested Usage & Storage

Take 1 tablet twice daily as needed. Take between meals or at bedtime with a carbohydrate drink to facilitate absorption.

Store in a cool, dry place after opening.

Caution

For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. This supplement should be avoided by persons with glaucoma or herpes simplex unless otherwise prescribed by a physician. Do not use if you have had a myocardial infarction or have established coronary artery disease. Keep out of reach of children.

Xylitol is harmful to pets; seek veterinary care immediately if ingestion is suspected
