Dear Customer,

Congratulations and thank you for choosing the JBL brand. Please take a moment to complete the enclosed profile card. The information we gather will enable us to keep you informed of our latest advancements and will help us to better understand your needs and fulfill your expectations.

For more than 60 years, the JBL brand has been the professional's top choice in music and film recording and reproduction. From the stage to the recording studio to the living rooms and automobiles of critical audiophiles, the JBL brand sets the standard for accuracy and dynamic musical performance.

We've maintained this enviable position through rigorous research into analog and digital technologies and psychoacoustics. The results of this research drive the development of new designs and materials, extracting even greater levels of performance.

We're confident that the JBL products you have chosen will surpass your expectations, and that the next time you consider the purchase of an audio product, you will again think of JBL products.

Once again, thank you for selecting JBL equipment.

HARMAN International Industries, Incorporated

**A Message from the JBL manufacturer
and the Consumer Electronics Association:**

Selecting fine audio equipment, such as the unit you have just purchased, is only the start of your musical enjoyment. Now it is time to consider how you can maximize the fun and excitement your equipment offers. JBL and the Consumer Electronics Association want you to get the most out of your equipment by playing it at a safe level, one that lets the sound come through loud and clear without annoying blaring or distortion – and, most important, without affecting your sensitive hearing.

Sound can be deceiving. Over time your hearing "comfort level" adapts to higher volumes of sound. What sounds "normal" can actually be loud and harmful to your hearing. Guard against this by choosing a safe level BEFORE your hearing adapts.

TO ESTABLISH A SAFE LEVEL:

- Start your volume control at a low setting.
- Slowly increase the sound until you can hear it comfortably, clearly, and without distortion.

ONCE YOU HAVE ESTABLISHED A COMFORTABLE SOUND LEVEL:

- Do not exceed that level.

Warranty

Note: the Warranty Card provided with your JBL product contains the full terms and conditions of your warranty.

Unless a different warranty period is stated in the Warranty Card provided with your JBL product, JBL warrants for a period of 1 year (5 years for any non-powered speakers) from the date of retail purchase by the original end-use purchaser, that this product, when delivered to you in new condition, in original packaging, from a JBL authorized reseller and used in normal conditions, is free from any defects in manufacturing, materials and workmanship. Refer to the Warranty Card provided with your JBL product for specific details including what is not covered along with other terms and conditions.

Manufacturers' warranties may not apply in all cases, depending on factors such as use of the product, where the product was purchased, or who you purchased the product from. Please review the warranty carefully, and contact the manufacturer if you have any questions.
