5. Safety Information

Read all instructions before using the product.

Important Notes:

1. Do Not Attempt Repairs: Do not repair or disassemble this wall charger yourself. If you encounter any problems, stop using it immediately, unplug all devices from the charger and wall outlet, and contact MUNBYN for assistance.
2. Modifications: Any changes or modifications to this wall charger without direct permission from MUNBYN may void its warranty and make it unsafe to use.

Warnings: Failure to follow these instructions may result in fire, electric shock, injury, or damage to the user, product, or other property.

How to Use:

1. Connection: Plug into a nearby electrical outlet that is easily accessible and can be unplugged quickly.
2. Indoor Use Only: Use only indoors and in dry locations; avoid charging near heat sources or moisture.

E-mail: support@munbyn.com

MUNBYN

3. Avoid Liquids: Keep away from liquids or high-humidity environments.
4. Unplug When Not in Use: Unplug from the AC outlet when not in use for extended periods.
5. Storage Conditions: Do not store in excessively hot or cold locations; room temperature is recommended.
6. No Unauthorized Repairs: Do not attempt to repair, modify, or disassemble the wall charger.
7. Inspect for Defects: Do not use if defects are found.
8. Accessories: Use only cables or accessories recommended or sold by MUNBYN to reduce the risk of fire, electric shock, injury, or damage.
9. Keep Out of Reach of Children: Ensure the device is kept out of the reach of children.

Thank you for choosing MUNBYN. Your safety is our priority.

6. Regulatory Compliance

The names and contents of harmful substances in the product.

Component	Substance					
	Pb	Cd	Hg	Cr+6	PBB	PBDE
PCBA	X	O	O	O	O	O
Cable	X	O	O	O	O	O
Housing	O	O	O	O	O	O
Solder	O	O	O	O	O	O
Connector	O	O	O	O	O	O
Plug	O	O	O	O	O	O

E-mail: support@munbyn.com

MUNBYN

This section details the presence of harmful substances in product components, ensuring compliance with SJ/T 11364 regulations.

Symbols:

O: The content of the hazardous substance in all homogenous materials of the component is below the limit requirements.

X: The content of the hazardous substance in at least one homogenous material of the component exceeds the limit requirements.

Note: The “X” marking indicates that there is currently no alternative replacements available.

Environmental Information:

The number within this label signifies that the product has an environmentally friendly service life of 10 years under normal use conditions.

7. FCC Statement

This charger complies with part 15 of the FCC Rules. Operation is subject to two conditions:
1. This charger may not cause harmful interference.
2. This charger must accept any interference received, including interference that may cause undesired operation.

Warning:
Changes or modifications not approved by the party responsible for compliance could void your authority to operate this charger.

MUNBYN

Note:
This charger has been tested and found to comply with the limits for a Class B digital device, according to part 15 of the FCC Rules. These limits are designed to protect against harmful interference in a residential installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a different circuit from the receiver.
- Consult the dealer or an experienced radio/TV technician for help.
