Experience the world's closest electric shave with uncompromised skin comfort

The Philips S9000 Prestige glides smoothly over your skin, while cutting each hair exceptionally close - even on a 7-day beard. The result is smoothness that touches you, and closeness you can feel.

The closest electric shave

- Follow every contour, catching even difficult hairs
- Blades with extra strong, sharp edges for ultimate closeness

Uncompromised skin comfort

- Adapts 15x/sec for effortless shaving even on a 7-day beard
- Fewer shaving passes for excellent skin comfort
- Personalize your shave by choosing between three settings
- Rings coated with metallic pigments for superb gliding

Premium experience

- Protects your shaver, accessories and Qi charging pad
- Shave comfortably, wet or dry
- Simply open the shaving head and rinse it for easy cleaning
- Fully charge your shaver in three hours with Qi charging pad
- Click-on beard styler with 5 length settings
- Qi charging pad included, for wireless charging

Highlights

NanoTech precision blades

NanoTech precision blades are strengthened with nano particles and have extra strong and long-lasting sharp edges. They cut hair with the highest precision, delivering extremely close results at skin level.

Superb SkinComfort rings

Get a shave that glides extremely smoothly over your skin, with the Superb SkinComfort rings. The rings with metallic pigments have an anti-friction coating for superb gliding.

Wireless Qi charging pad

Wirelessly charge your shaver or any other Qi-compliant device by simply placing it on the Qi charging pad which comes with the shaver.

BeardAdapt Sensor

Shave off even a dense 7-day beard-effortlessly. The BeardAdapt Sensor checks the hair density 15 times per second and automatically adapts the shaver to your hair.

Excellent skin comfort system

Our excellent skin comfort system enables you to get a highly efficient shave, even on a longer (up to 7-day) beard. Its new wider, rounder openings catch more hair per pass, resulting in a difference you can feel: excellent skin comfort.

Personal comfort settings

Choose between 3 modes to customize your shave. Sensitive - for a gentle, thorough shave. Normal - for a thorough, everyday shave. Fast - for a quick shave that saves you time.

Multi-direction ContourDetect

Get an extremely close, smooth shave. Multi-direction ContourDetect heads follow every contour of your face, catching even difficult hairs.

SmartClick beard styler

Change your look with the SmartClick Beard Styler. Choose from 5 length settings to create anything from a perfect stubble to a neatly-trimmed short beard. The Beard Styler's rounded tips and combs are designed to prevent skin irritation.
