Before you start

Switching from an iPhone®

To bring your texts and data (like contacts, music, files, and apps) with you to your new Pixel, turn off:
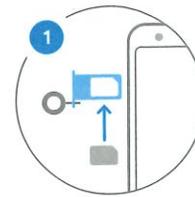

- iMessage®, FaceTime®, and Device Management (if needed) in your iPhone Settings
- iTunes® encryption in the iTunes app on your computer

For iPhone help, go to **g.co/imessagehelp** and **g.co/datatransferhelp**
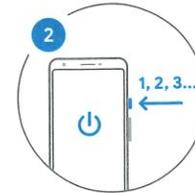

Switching from Android or another phone

Go straight to setup. Or, follow the full transfer guide for your old phone at **g.co/datatransferhelp**

Set up your new Pixel

Insert your SIM card from your carrier using the provided SIM tool.

To turn on, press and hold the power button for 5 seconds. Follow the on-screen steps to begin setup.

Copy apps & data to Pixel

1. Follow the on-screen steps to continue setting up your Pixel.
2. At the **Copy apps & data** screen, connect the phones with the Quick Switch Adapter and your old phone's cable.
3. Choose what to copy to Pixel.

For support, go to **g.co/pixel/help**
