

How to Link Alexa to Gosund

1. Set up Echo with Alexa app

You can skip this part if your Echo is already set up.

- a. Make sure your Echo device is energized.
- b. Make sure Echo is in a Wi-Fi network that can access Amazon services smoothly.
- c. Open the Alexa App by tapping the App icon on your mobile device.
- d. Type in your Amazon account and password, then tap “SIGN IN” .

The image shows a screenshot of the Amazon Alexa app's sign-in interface. At the top, there is the Amazon Alexa logo. Below it, the text "Sign in" is displayed, with a link for "Forgot password?". There are two input fields: "Email (phone for mobile accounts)" and "Amazon password". Below the password field is a checkbox labeled "Show password" with a small gear icon to its right. A prominent blue button labeled "SIGN IN" is centered below the input fields. At the bottom, there is a link for "New to Amazon?" and a button labeled "CREATE A NEW AMAZON ACCOUNT".

1.1 Tap the hamburger menu on the top left corner, select "Add Device".

1.2 Then tap "Amazon Echo", select "Echo dot".

1.3 Choosing your Echo model, ignore Bluetooth and back.

1.4 Begin Echo Dot setup, Long press the dot button on the top of your Echo device until the orange light shows up, tap "CONTINUE".

1.5 To your phone,select a Wi-Fi (Amazon-XXX) to let Echo have the access to the internet.

1.6 Go back to Alexa App and tap "CONNECT". Echo may take several minutes to connect the network.

1.7 When Echo is connected to the network. After an introduction, tap "CONTINUE" to finish the setup.

2. Link Smart Lifeaccount to Alexa

2.1 Tap "Skills & Games" in the hamburger menu on the top left corner,select " Your Skills ".

2.2 Search " gosund ". Select " Gosund " and tap " ENABLE TO USE " to enable the Skill.

2.3 You will be redirected to the account link page. Type in your Gosund account and password, don't forget to select the country/region where your account belongs to. Then tap " Authorize " to link your Gosund account.

2.4 Echo needs to discover your smart devices before it controls them. You can say "Alexa, discover devices" to Echo. Echo will discover devices which have already been added in the Gosund app.

You can also tap "DISCOVER" to discover the smart devices. Discovered devices will be shown in the list.

3. Control devices by voice commands

Now you can control your smart devices through Echo. You can use the following commands to control your devices(e.g., bedroom light):

Alexa, turn on/off bedroom light.

Alexa, set bedroom light to 50 percent.

Alexa, brighten/dim bedroom light.

Alexa, set bedroom light to green.

Alexa, set bedroom light to warm white.

Alexa, set air conditioner to 24°C.
