

QCY Melobuds ANC

True Wireless Earbuds

Overview

Charging Case

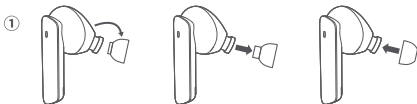

USB Cable

Earbud

Wearing

②

1. Choose the EarTips that fit your ears best.
2. Ensure sounds hole downward, then place earbuds into ear. Rotate earbud back to the auricle side to fit snugly.

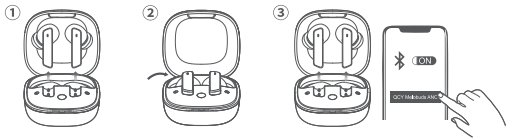

- * Your earbuds come with multiple pairs of EarTips, among which Medium-sized are pre-installed.

Pairing

First Time Connection

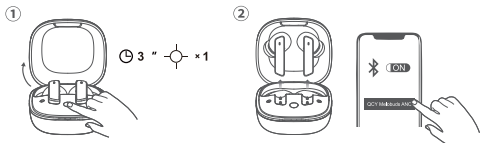

1. Activate the earphones by removing them from the case and placing them back.
2. Open the charging case, remove the earphone from the charging case again, and the earbuds will turn on automatically. Select "QCY Melobuds ANC" on your device's Bluetooth list to connect.

Pairing with another device

1. Place the earbuds in the charging case and leave the case open. Press and hold the button on the case for 3 seconds until the earbud LED indicators flash white to enter the pairing mode.
2. Take the earbuds out of the charging case. Select "QCY Melobuds ANC" on your device's Bluetooth list to connect.

* Multi-connection is not supported.

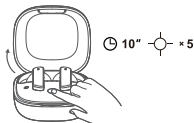

* Each time you power on your QCY earphones, it will automatically connect to your last successfully connected device if available within the Bluetooth range.

Resetting

You might need to reset the earbuds if you experience any connectivity problems or function issues.

1. Place both earbuds into the charging case and keep the charging case open.
2. Press and hold the button on the case for 10 seconds until the LED indicators on both earbuds flash white rapidly for 5 times, then earbuds have been reset successfully.

Power on/off

Open the charging case, the earbuds will automatically power on.

* The LED indicator on earbuds will light up white for 2 seconds.

Place the earbuds back into the charging case. Close the case and the earbuds will automatically power off.
