## FAQs

Q1: How does this product massage?

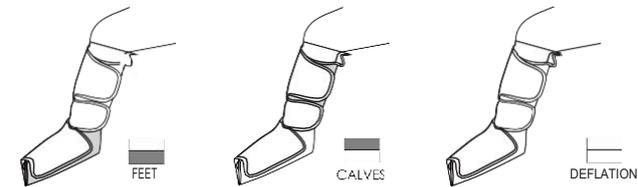

A1: There are 2+2 airbags inside. It will be inflated and deflated to simulate kneading and stroking of tissues like human hands. It can relax our muscles, increase circulation and relieve pain.

Q2: How many massage modes, and what's the difference?

A2: There are 2 massage modes,

Mode 1: Sequence Mode

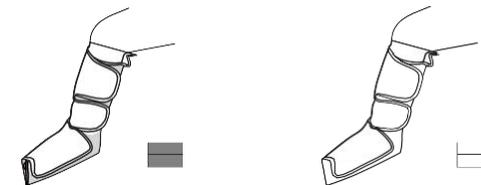

In this mode, sleeves will be inflated and deflated alternately from lower to upper.

Mode 1: Sequence Mode

Mode 2: Whole Mode,

In this mode, sleeves will be inflated and deflated simultaneously and wholly.

MODE 2: WHOLE MODE

Q3: What should I do if I feel the massage strength is too light or too tight?

A3: There are 3 levels of massage strength selectable via the controller, please select the intensity that fits you. You can also adjust the strength via changing the tightness of the Velcro on the wraps.

Q4:Why it does not work when i press the power button?

A4:Please ensure both 2 air hoses are inserted into the controller,otherwise,it will not work

Q5:How long should we use it ?

A5:We suggest you use 1-2 times everyday,and 20 minutes per time,you can use it for longer if you feel too tired or want to continue to enjoy as long as you don't feel any discomfort or Does not have any health issues.

Q6:Why does the controller get hot?

A6: As we suggest,you can use it 20 minutes per time normally,if it keeps working longer,the Controller will get hot,it a normal phenomenon.

Q7:Why does the controller make a sound?

A7:The sound comes from the working air pump in the controller,providing air continuously to The airbags in the wraps it's normal.

## Troubleshooting

Problems	Cause & Solutions
1. Doesn't work and indicator light is off	Make sure the power adapter is connected well and press the power button of the controller
2. Sudden interruption of operation.	1. The power adapter or air hoses fall off; 2. The massager will shut off automatically in 20 minutes ; 3. Check if 2 air hoses are plugged to the controller completely.
3. Too light or tight.	1. There are three massage levels for you to choose: 2. You can adjust the width of the strap to make the strength suitable; 3. Turn off the machine if you cannot bear the strength.
4. The controller gets hot.	It is normal if the controller gets hot after too long time use. We suggest that you shut it down for 10 minutes.

# Usage

Cautions: Please read safety precautions carefully before using the product. In order to get better massage, please wear the sleeves properly.

1. Make sure to follow the directions on the tag and wear the wraps on your legs properly

2. Check and adjust the position and tightness as below, don't wrap too tight. Use the extensions for bigger calves.

3. Plug the power adapter into the controller and socket on each side.

4. Insert two air hose plugs into the controller correctly and completely.

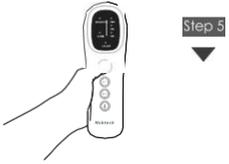

Make sure it is aligned to the groove

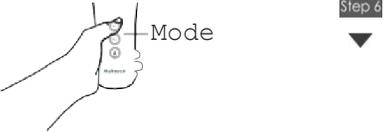

jacks for air hoses

5. Take up the controller and press the on-off button to start the machine.

- It will begin with mode 1 and strength 1 (The lowest) by default.
- It will shut off after 20 minutes (You can restart it manually).

6. Press "Mode" button to switch and enjoy the different massage modes, the difference between these 2 modes can be seen on Page 3 - Page 4.

7. Press "Air Pressure" button to select intensity.

1) Three pressure levels for choice.

We suggest you use the lowest level at the beginning.

2) You can change the tightness of the warps to make the strength suitable as you like.

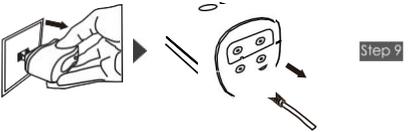

8. Press on-off button to turn it off.

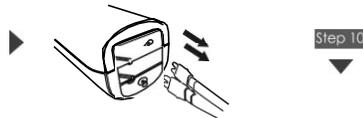

**Warnings:** We suggest 20mins each time as the best. After 20-minute work, it will shut down automatically but you can restart it.

# Notes after use

9. Unplug the power adapter from the socket.
