

Sprinkler Pool Important Safety Rules

Please make sure you read, understand and follow the Safety Rules and Instructions before using the product. Keep for future reference.

IMPORTANT:

1. Turn the faucet gradually to fill the sprinkler pool. Never go more than halfway on.
2. Turning the faucet all the way may cause the sprinkler pool to leak or burst.
3. Strictly avoid standing, walking, jumping or running in the sprinkler pool.

⚠️ WARNING!

USE ONLY UNDER ADULT SUPERVISION
ADULT ASSEMBLY REQUIRED

- Children, especially children under five years old, are at high risk of drowning.
- Closely watch children who are in or near this sprinkler pool at all times.
- Diving or jumping into the sprinkler pool may result in a broken neck, paralysis, permanent injury or death.

- Make sure that the sprinkler pool and accessories are only handled by adults.
- This sprinkler pool is for outdoor use only
- Do not set the sprinkler pool on rocky surfaces, mud, sand, loose soil, deck, platform, concrete, and other hard surfaces.
- This sprinkler pool should only be set up on a flat surface. Never set it on a slope or an inclined surface.
- Make sure that the ground is clean and strong enough to withstand the weight of the sprinkler pool.
- Do not set the sprinkler pool near or under overhead electrical lines.

FAILURE TO FOLLOW THESE WARNINGS MAY RESULT IN SERIOUS INJURY OR DEATH.
