

How does FELIWAY® CLASSIC work?

When cats feel comfortable in their environment, they rub their cheeks against objects, leaving an odorless message known as a facial pheromone. FELIWAY® CLASSIC mimics this natural feline facial pheromone.

This "happy message" provides security and comfort to cats.

This odorless message is only perceived by cats. Dogs and people are not affected. FELIWAY® CLASSIC is proven to help reduce signs of stress in cats of all ages that may lead to inappropriate behaviors, such as urine marking or scratching in the home.

FELIWAY® CLASSIC is clinically proven to help address these issues*:

- Helps reduce urine spraying in 9 out of 10 cats within 30 days
- Helps reduce urine spraying by 70% in multi-cat households within 30 days
- Helps reduce scratching in 9 out of 10 cats within 30 days
- Helps significantly reduce stress-related behaviors due to travelling in a carrier including vomiting, urinating, defecating, meowing, agitation and salivation
- Helps reduce stress during the veterinary exam, to help make handling the cat easier
- During hospitalization, helps cats return to normal behaviors faster such as grooming and eating.
- Faster acclimation to new home or new environment

FELIWAY® CLASSIC may also be helpful in these situations:

- Introducing a new cat to a home
- Boarding
- Reduces the occurrence of recurrent Feline idiopathic cystitis that may be related to stress
- Changes to the environment such as remodeling, new arrivals in the house, new furniture, etc.

*The efficacy of FELIWAY® CLASSIC has been proven in numerous clinical studies published in reputable scientific journals or presented at international conferences. All cats are unique, results may vary. For best results, use for a full 30 days.

FELIWAY® CLASSIC is species specific, detected only by cats. FELIWAY® CLASSIC is safe for cats when used as recommended and can be used in conjunction with medications or other treatments. FELIWAY® CLASSIC is suitable for cats of all ages from young kittens to older cats. FELIWAY® CLASSIC is not recommended for overt aggression between cats or towards owners.

FELIWAY® CLASSIC is the first line, non-drug solution for stress related behaviors. It has been proven to help control minor to severe stress related behaviors in cats. In some cases, additional behavioral treatment and environmental modifications may be required and advice should be sought from your veterinarian.

FELIWAY® CLASSIC is not a veterinary drug. If there are signs of disease, consult your veterinarian.

• **FELIWAY® CLASSIC Diffuser plug-in & Refill**

Feline facial pheromone (F3) analog 2%

Isoparaffinic hydrocarbon to 48 mL

Each 48 mL vial lasts up to 30 days and covers up to 700 sq ft.

Usage instructions:

- Plug diffuser into the room where the cat spends the most time.
- For best results, REPLACE DIFFUSER PLUG-IN EVERY 6 MONTHS.
- Use only in properly functioning 120-volt electrical outlets.
- DO NOT use with extension cords, adaptors or converters.

DANGER. HARMFUL OR FATAL IF SWALLOWED.

CALL PHYSICIAN IMMEDIATELY IF INGESTED.

DO NOT INDUCE VOMITING.

Contains petroleum distillates (i.e. Isoparaffinic Hydrocarbon).

KEEP OUT OF REACH OF CHILDREN.

Read label and insert prior to use.

Store in a well-ventilated area. Dispose of contents/container in accordance with local regulations.

IMPORTANT SAFETY INSTRUCTIONS

Read all the instructions before using the product. This product is not a toy. Intended for adult use only. Keep out of reach of children.

When using electric products, basic precautions should always be followed, including the following: To reduce the risk of injury, close supervision is necessary when a product is used near children. DO NOT put fingers, hands, metal or other foreign objects in the product. DO NOT disassemble diffuser unit or modify the plug in any way. There are NO user serviceable parts on this device. If the diffuser unit blocks the "TEST" or "RESET" buttons of a GFCI receptacle, it is recommended that the unit be removed from the outlet monthly and the GFCI be tested before plugging the electric diffuser unit back into the outlet. The internal parts of this device will get very hot to encourage evaporation of the active ingredient. Do not touch these surfaces during use. DO NOT attempt to refill pheromone with other liquids or substances. To avoid damage, DO NOT place pheromone refill on any surface during use or place any object above the diffuser unit. DO NOT PLUG: Below any electrical device, under furniture, under any prominent object from the wall or in a multi-socket/multi-plug/extension lead. MINIMUM CLEAR DISTANCE above diffuser = 4 ft (1.20 m). DO NOT plug in sideways or upside down. DO NOT immerse in water. Do not cover. This may impair or block diffusion of the product and leave residual marks.

Replace the diffuser plug-in device every 6 months.

Use ONLY FELIWAY® Refills.

Ceva will not be held responsible for damage, injury or poor performance caused by use of any other refills in Ceva diffusers. SAVE THESE INSTRUCTIONS.

• **FELIWAY® CLASSIC Spray available in a 20 mL or 60 mL bottle**

Feline facial pheromone (F3) analog 10%

Ethanol to 20 mL / 60 mL

The effect of FELIWAY® CLASSIC Spray lasts 4 to 5 hours.

Each 20 mL bottle delivers about 16 applications and each 60 mL bottle delivers about 50 applications (+/- 8 sprays/use).

WARNING: FLAMMABLE. EYE IRRITANT.

Avoid contact with eyes. If sprayed in eyes, rinse continuously with water for several minutes and seek medical advice.

Keep away from heat, sunlight, and ignition sources.

Do not smoke during use. Do not spray directly on cats. Store in a well-ventilated cool place.

Dispose of contents and container in accordance with local regulations.

Keep out of reach of children.

• **FELIWAY® CLASSIC Wipe**

Feline facial pheromone (F3) analog 10%

Ethanol to 2.5 mL

The effect of FELIWAY® CLASSIC Wipe lasts 4 to 5 hours.

Each wipe delivers one use.

WARNING: EYE IRRITANT.

Keep out of reach of children.

Read label and insert prior to use.

Avoid contact with eyes. Do not use directly on cats. In case of contact with eyes, rinse them immediately with water and seek medical advice. Store at room temperature. Do not flush wipe. Dispose of waste in accordance with local regulations.
