Safety Instructions

Read these instructions carefully and retain them for future use. If this Smart Matter Plug is passed to a third party, then these instructions must be included.

When using Smart Matter Plugs, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons including the following:

⚠ WARNING

- ▶ The device may only be connected to an easily accessible power socket with grounded contacts. The device must be removed from the socket in the event of a hazard. Do not open up the device. It does not contain any parts that can be maintained by the user. If a fault occurs, have the device checked by a specialist.
- ▶ The adaptor shall be installed near the equipment and shall be easily accessible.
- ▶ We accept no liability for material damage or personal injury which is caused by improper use or failure to observe the safety instructions. In these cases, any guarantee claim becomes void! We accept no liability for consequential damage.
- ▶ For safety and approval reasons, the device may not be modified and/or no changes may be made to the device without authorization. Only operate the device indoors, and do not expose it to moisture, vibrations, constant sunlight, or other sources of heat, extreme cold temperatures, and mechanical stress.
- ▶ The device is not a toy! Do not allow children to play with it. Never leave the packaging material lying around unattended. Plastic film and small parts may pose a danger to children. This device may be used by children from eight years of age and by persons with reduced physical, sensory, or mental capacities, or a lack of experience and knowledge, provided these persons are supervised or have been instructed in the safe use of the device, and understand the corresponding risks.
- ▶ When remotely or automatically controlling a device, it is not always possible to guarantee that commands are actually executed or that the correct device status is displayed in the app and on other Smart Home display devices because of external circumstances. This may lead to material damage and/or personal injury. Therefore, you must ensure to the greatest extent possible that no person is endangered at the time of remote operation or automated control. Please take special care when setting up or adjusting the remote control or when using the automated control and check the desired functionality at regular intervals.
- ▶ Any use other than that which is described in this *User Manual* is considered improper and leads to the exclusion of guarantee and liability.
- ▶ Do not use the device if it has damage which is visible from the outside (for example, to the housing, control elements, or connection sockets) or if it has a malfunction. If in doubt, please contact our service team.
- ▶ The applicable requirements must be observed during installation. Failure to observe the requirements may result in damage to property and/or injury, or even danger of death.
- ▶ Observe the technical data, in particular the maximum permissible switching power of the relay and the type of product to be connected, before connecting a product. All load information relates to ohmic loads. The device should only be loaded to the specified power limit. Overloading may result in destruction of the device, fire, or an electrical accident. Among other things, reliable switching off of the connected product cannot be guaranteed.
- ▶ Devices with electronic power supplies (for example, televisions or high voltage LED lights) do not constitute an ohmic load. They may generate start-up currents of more than 100A. Switching such products results in premature wear on the integrated relay. As a result, it is possible that the connected product may not reliably switch off.

- Do not connect devices which can cause fires or other damage if switched on unsupervised (for example, irons).
- Always unplug the device from the Smart Matter Plug before making changes to the device.
- Always lay the cables of connected devices in such a way that they cannot pose a hazard to people or pets.
- The standards and directives applicable in your country must be observed during planning, setup, operation, and maintenance.
- Do not use the Smart Matter Plug with power strips or with extension cables.
- Do not use the Smart Matter Plug for disconnection. The load is not electrically isolated from the mains.
- Do not plug Smart Matter Plugs into one another.
- The Smart Matter Plug is only de-energized when it is removed from the socket.
- To satisfy RF exposure requirements, a separation distance of 20 cm (7.87 in.) or more should be maintained between this device and persons during device operation.
- To ensure compliance, operations at closer than this distance is not recommended. The antenna used for this transmitter must not be co-located in conjunction with any other antenna or transmitter.

Intended Use

- For indoor use only.
- Do not use in wet locations.

Package Contents

- B0DP8JQ4FG: Smart Matter Plug (x1)
- B0DP8JXJTV: Smart Matter Plug (x4)
- Safety Manual*
- Quick Setup Guide*

Compatibility

- 2.4GHz 802.11 b/g/n Wi-Fi network
- France type-E outlet
- Connected device with type-E plug
- Connected device with 16A (Resistive Load) max output
- An iOS/Android device with the Alexa app and an Amazon Echo, or a Matter-compatible smart home app or device

Parts Overview

Set Up the Smart Matter Plug

NOTICE: Before setting up, make sure you have a Matter-compatible smart home app and devices.

You can set up the Smart Matter Plug with the QR code on the back of your printed *Quick Setup Guide* (recommended) or on the bottom of the product. You can also set it up with the numeric code below the QR code.

The following section explains how to connect to Amazon Alexa, Google Home, and Apple Home. For the most up-to-date instructions, please refer to each platform's official website.

Connect to Alexa/Amazon

1. Launch the Alexa app and go to the Device page.
2. Tap **+**, then **Add Device** to add a new device.
3. Scroll down to the bottom, tap **Other**, then tap *** Matter**.
4. Tap **Yes** on the confirming page.
5. Tap **Scan QR Code**, then scan the QR code on the side of the device. A paper QR code is also provided in the *Quick Setup Guide*.

OR

Tap **Try Numeric Code Instead?**, then enter the numeric code that comes with your device.

6. Wait for your device to set up, then choose the Wi-Fi you want your device to connect to and enter the corresponding Wi-Fi password.

Notice: Connect the device to the same WiFi your Echo device is connected to.

7. Tap **Done**. Now you can find your device on the device list and use your Alexa to control your device.

Connect to Google Home/Google

1. Launch the Google Home app and go to the Devices page.
2. Tap **Add Device**, then tap **Matter-enabled device**.
3. Tap **Scan code**, then scan the QR code on the side of the device. A paper QR code is also provided in the *Quick Setup Guide*.
4. Tap **I agree** on the "Connect this device to your Google Account" page, then tap **Add to Google Home**.
5. The "Accessory Name" setting page is displayed. Choose a location for your device, then give it a name. Now you can find your device on the device list and use your Google Home to control your device.

Connect to Apple Home/Apple

1. Launch the Apple Home App, then tap **+** in the top right corner on the homepage, then tap **Add or Scan Accessory**.
2. Tap **Add or Scan Accessory**, then scan the QR code on the side of your device. A paper QR code is also provided in the *Quick Setup Guide*.
3. Choose a location for your device, then give it a name.
4. Choose how your device will appear. Now you can find your device on the device list and use your Apple Home to control your device.

Alternative Setup Methods

1. Download the latest version of the Alexa app or a Matter-compatible smart home app, then log in.
2. Plug in the Amazon Basics Smart Matter Plug.
3. In the Alexa app, tap **More** to add a device, then select **Plug, Amazon Basics**, and **Smart Matter Plug**.
4. Follow the steps in the app to complete setup. When prompted, tap **Scan QR Code**, then scan the QR code on the *Quick Setup Guide* or on the plug.

OR

Tap **Try Numeric Code Instead?**, then enter the 11-digit number below the QR code and follow the on-screen instructions to complete setup.

Understanding the LED

Indicator	Description
LED lights red for 1 minute	Smart Matter Plug is unregistered
LED blinks red quickly for 1 minute	Smart Matter Plug is disconnected
LED lights green for 3 seconds	Smart Matter Plug is connected
LED blinks red and green alternately	Smart Matter Plug is reset to factory defaults
LED blinks green rapidly for 5 minutes	Smart Matter Plug is ready for setup
LED blinks green slowly for 5 minutes	Smart Matter Plug is being added to another assistant or app.
LED is off	Smart Matter Plug is off

Using the Smart Matter Plug

- ▶ Press the power/reset button to turn the Smart Matter Plug (and connected device) on or off.
- ▶ Use the app to turn the Smart Matter Plug on/off remotely, set schedules, and more.
- ▶ Use the voice control on your Amazon Alexa, Google Home, or Apple Home app. For example, you can say, "Alexa, turn on First Plug."

Reset to Factory Defaults

Press and hold the power/reset button for 10 seconds until the indicator blinks red and green alternately.

Troubleshooting

If the Smart Matter Plug is not functioning properly, try the following solutions.

Problem

My Smart Matter Plug won't connect to Alexa.

Solutions

- Make sure that you have correctly added the Echo device before pairing.
- Make sure that your Echo and the Alexa App are updated to the latest software version.
- Move your phone/tablet closer to your Smart Matter Plug.
- Make sure that your Echo and Smart Matter Plug are connected to the same 2.4GHz Wi-Fi network. The Smart Matter Plug is not compatible with 5GHz networks.
- If you have a dual Wi-Fi router and both network signals have the same name, rename one and try reconnecting to the 2.4GHz network.
- Make sure you scan the correct 2D barcode provided in your *Quick Setup Guide* or on the Smart Matter Plug.
- If you have more than one Smart Matter Plug and are scanning the 2D barcode in your *Quick Setup Guide*, match the DSN number on the Smart Matter Plug to the 2D barcode.
- Restart your device by powering it off and on, then set up again.
- Factory reset your Smart Matter Plug. See "Reset to Factory Defaults" on page 6.

Problem

My connected device won't turn on/off with the app.

Solutions

- Make sure that the device connected to the Smart Matter Plug is turned on. For example, if you connected a lamp, turn the lamp's power switch to the "on" position.
- Make sure that your Echo and Smart Matter Plug are connected to the same Wi-Fi network.
- Restart your device by powering it off and on, and then try again.
- Reset your Smart Matter Plug to factory defaults, then set up the Smart Matter Plug with the app again, see "Set Up the Smart Matter Plug" on page 5.

Problem

I can't change my Smart Matter Plug settings.

Solutions

- Restart your device by powering it off and on, and then try again.
- Reset your Smart Matter Plug to factory defaults, then set up the Smart Matter Plug with the app again. See "Set Up the Smart Matter Plug" on page 5.

Problem

If I lose the *Quick Setup Guide*, how can I set up my Smart Matter Plug?

Solutions

- You can set up your device via two alternative setup methods. The instructions can be found in "Alternative Setup Methods" on page 6.

Problem

Alexa error code displays on the screen.

Solutions

- ▶ Make sure your phone has Bluetooth turned on throughout the entire setup process and the device you are trying to setup is in pairing mode.
- ▶ Make sure that your Echo and Smart Matter Plug are connected to the same 2.4GHz Wi-Fi network. The Smart Matter Plug is not compatible with 5GHz networks.
- ▶ Restart your device by powering it off and on, and then set up again.
- ▶ Factory reset your Smart Matter Plug. See "Reset to Factory Defaults" on page 6.

Specifications

Importer's Name/Trademark, Commercial Registration Number & Address	EU: AMAZON EU S.À R.L., 38 AVENUE JOHN F. KENNEDY, L-1855 LUXEMBOURG
Supply Voltage	230V AC, 50Hz
Max. Current	16A
Max. Power Consumption	3,680W (Resistive Load)
Electric Quantity Detection	Not supported
Ambient Temperature	-30° to 40°C (-22° to 104°F)
Storage Temperature	-20° to 60°C (-4° to 140°F)
Operating Humidity	10% to 90% RH non-condensing
Wi-Fi	2.4GHz network, 802.11 b/g/n
Wireless Protocol	Matter over Wi-Fi + Bluetooth (Bluetooth only does pairing)
Protection Class	IP20

Trademarks

The Wi-Fi CERTIFIED™ Logo is a registered trademark of Wi-Fi Alliance®.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Amazon.com Services LLC is under license. Other trademarks and trade names are those of their respective owners.

RF Warning Statement

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm (7.87 in.) from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

The operating frequency bands are 2402-2480MHz and maximum transmitted power limits are 9dBm E.I.R.P for BLE, 18 dBm E.I.R.P for Wi-Fi.

Simplified EU Declaration of Conformity

Hereby, Amazon EU Sarl declares that the radio equipment type B0DP8JQ4FG/B0DP8JXJTV is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address:

Disposal (for Europe only)

 The Waste Electrical and Electronic Equipment (WEEE) laws aim to minimize the impact of electrical and electronic goods on the environment and human health, by increasing re-use and recycling and by reducing the amount of WEEE going to landfill. The symbol on this product or its packaging signifies that this product must be disposed separately from ordinary household wastes at its end of life. Be aware that this is your responsibility to dispose of electronic equipment at recycling centres in order to conserve natural resources. Each country should have its collection centres for electrical and electronic equipment recycling. For information about your recycling drop off area, please contact your related electrical and electronic equipment waste management authority, your local city office, or your household waste disposal service.

Software Service and Network Security

This Amazon Basics smart home product includes software service that starts on the date of your original retail purchase and continues until the product is discontinued.

For security vulnerability reporting, contact Amazon using one of the phone numbers or URLs listed below.

United Kingdom: +442033566212

Italy: amazon.com/pbhelp

Spain: +34911230420

France: +33174181058

German: +498922061041

Note: Contacts are acknowledged within 72 hours via email. Customers will receive an update every three months regarding verified issues until Amazon provides a resolution

Feedback and Help

We would love to hear your feedback. Please consider leaving a rating and review through your purchase orders. If you need help with your product, log in to your account and navigate to the customer service / contact us page.

Consignes de sécurité

Lisez attentivement ces instructions et conservez-les pour une utilisation ultérieure. Si cette prise Matter intelligente est transmise à un tiers, ces instructions doivent être incluses.

Lorsque vous utilisez des prises Matter intelligentes, vous devez toujours prendre les précautions de sécurité de base pour réduire les risques d'incendie, de choc électrique et/ou de blessure corporelle, notamment ce qui suit :

⚠ ATTENTION

- ▶ L'appareil doit être branché uniquement à une prise de courant facilement accessible avec des contacts mis à la terre. L'appareil doit être retiré de la prise en cas de danger. N'ouvrez pas l'appareil. Il ne contient aucune partie pouvant être entretenue par l'utilisateur. En cas de défaillance, faites vérifier l'appareil par un spécialiste.
- ▶ L'adaptateur doit être installé à proximité de l'équipement et doit être facilement accessible.
- ▶ Nous déclinons toute responsabilité pour les dommages matériels ou les blessures corporelles causés par une utilisation inappropriée ou le non-respect des consignes de sécurité. Ces cas annulent toute demande de garantie. Nous déclinons toute responsabilité pour les dommages indirects.
- ▶ Pour des raisons de sécurité et d'approbation, l'appareil ne peut pas être modifié et/ou aucun changement ne peut être apporté à l'instrument sans autorisation. Faites fonctionner l'appareil à l'intérieur uniquement et ne l'exposez pas à l'humidité, aux vibrations, à la lumière constante du soleil ou à d'autres sources de chaleur, à des températures froides extrêmes et à des contraintes mécaniques.
- ▶ Cet appareil n'est pas un jouet. Ne laissez pas les enfants jouer avec. Ne laissez jamais le matériel d'emballage traîner sans surveillance. Le film plastique et les petites pièces peuvent présenter un danger pour les enfants. Cet appareil peut être utilisé par des enfants à partir de huit ans et par des personnes ayant des capacités physiques, sensorielles ou mentales réduites, ou un manque d'expérience et de connaissances, à condition que ces personnes soient supervisées ou aient reçu des instructions sur l'utilisation sécuritaire de l'appareil et qu'elles comprennent les risques correspondants.
- ▶ Lors du contrôle automatique ou à distance d'un appareil, il n'est pas toujours possible de garantir que les commandes soient effectivement exécutées ou que l'état correct de l'appareil soit affiché dans l'application et sur d'autres appareils d'affichage Smart Home en raison de circonstances externes. Cela peut entraîner des dommages matériels et/ou des blessures corporelles. Par conséquent, vous devez vous assurer, dans la mesure du possible, qu'aucune personne n'est en danger au moment du fonctionnement à distance ou du contrôle automatisé. Veuillez prendre des précautions particulières lors de la configuration ou du réglage de la télécommande ou lors de l'utilisation de la commande automatisée, et vérifier la fonctionnalité souhaitée à intervalles réguliers.
- ▶ Toute utilisation autre que celle décrite dans ce *Manuel de l'utilisateur* est considérée comme étant inappropriée et entraîne l'exclusion de la garantie et de la responsabilité.
- ▶ N'utilisez pas l'appareil s'il présente des dommages visibles de l'extérieur (par exemple au boîtier, aux éléments de commande ou aux prises de raccordement) ou s'il présente un dysfonctionnement. En cas de doute, veuillez contacter notre équipe de service.
- ▶ Les exigences applicables doivent être respectées lors de l'installation. Le non-respect des exigences peut entraîner des dommages matériels et/ou des blessures, voire un danger de mort.
- ▶ Respectez les données techniques, en particulier la puissance de commutation maximale admissible du relais et le type de produit à raccorder, avant de brancher un produit. Toutes les informations relatives à la charge se rapportent aux charges ohmiques. L'appareil doit uniquement être chargé jusqu'à la limite de puissance indiquée. Une surcharge peut entraîner la destruction de l'appareil, un incendie ou un accident électrique. Entre autres choses, la mise hors tension fiable du produit connecté ne peut être garantie.

- ▶ Les appareils munis d'alimentations électroniques (par exemple des téléviseurs ou des voyants DEL haute tension) ne constituent pas une charge ohmique. Ils peuvent générer des courants de démarrage de plus de 100 A. La commutation de ces produits entraîne une usure prématurée du relais intégré. Par conséquent, il est possible que le produit connecté ne s'éteigne pas de manière fiable.
- ▶ Ne branchez pas d'appareils qui peuvent causer des incendies ou d'autres dommages s'ils restent allumés sans surveillance (par exemple un fer à repasser).
- ▶ Débranchez toujours l'appareil de la prise Matter intelligente avant d'apporter des modifications à l'appareil.
- ▶ Posez toujours les câbles des appareils branchés de manière à ce qu'ils ne présentent pas de danger pour les personnes ou les animaux domestiques.
- ▶ Les normes et directives applicables dans votre pays doivent être respectées lors de la planification, de l'installation, du fonctionnement et de l'entretien.
- ▶ N'utilisez pas la prise Matter intelligente avec des multiprises ou des rallonges électriques.
- ▶ N'utilisez pas la prise Matter intelligente pour couper l'alimentation. La charge n'est pas isolée électriquement du secteur.
- ▶ Ne branchez pas les prises Matter intelligentes les unes dans les autres.
- ▶ La prise Matter intelligente n'est hors tension que lorsqu'elle est retirée de la prise de courant.
- ▶ Pour satisfaire les exigences en matière d'exposition aux RF, une distance minimale de 20 cm (7,87 po) doit être maintenue entre cet appareil et toute personne pendant son fonctionnement.
- ▶ Pour garantir la conformité, il est déconseillé d'utiliser l'appareil à une distance inférieure à cette distance. L'antenne utilisée pour cet émetteur ne doit pas être située à côté d'une autre antenne ou d'un autre émetteur conjointement avec une autre antenne ou un autre émetteur.

Utilisation prévue

- ▶ Pour une utilisation à l'intérieur seulement.
- ▶ Ne pas utiliser dans des endroits humides.

Contenu de l'emballage

- ▶ B0DP8JQ4FG : Prise Matter intelligente (x1)
- ▶ B0DP8JXJTV : Prise Matter intelligente (x4)
- ▶ *Manuel de sécurité*
- ▶ *Guide de configuration rapide*

Compatibilité

- ▶ Réseau Wi-Fi 2,4 GHz 802.11 b/g/n
- ▶ Prise de courant de type E en France
- ▶ Appareil connecté avec prise de type E
- ▶ Appareil connecté avec sortie maximale de 16 A (charge résistive)
- ▶ Un appareil iOS/Android équipé de l'application Alexa et d'un Amazon Echo, ou tout autre appareil ou application pour maison intelligente compatible Matter.

Aperçu des pièces

Configuration de la prise Matter intelligente

AVIS : Avant de procéder à la configuration, assurez-vous d'avoir une application et des appareils pour maison intelligente compatibles Matter.

Vous pouvez configurer la prise Matter intelligente à l'aide du code QR situé au dos de votre *Guide de configuration rapide* imprimé (recommandé) ou au bas du produit. Vous pouvez également la configurer à l'aide du code numérique situé sous le code QR.

La section suivante explique comment se connecter à Amazon Alexa, Google Home et Apple Home. Pour obtenir les instructions les plus récentes, veuillez consulter le site Web officiel de chaque plateforme.

Connexion à Alexa/Amazon

1. Lancez l'application Alexa et accédez à la page Appareil.
2. Appuyez sur **+**, puis sur **Ajouter un appareil** pour ajouter un nouvel appareil.
3. Faites défiler vers le bas, appuyez sur **Autre**, puis sur *** Matter**.
4. Appuyez sur **Oui** sur la page de confirmation.
5. Appuyez sur **Numériser le code QR**, puis numérisez le code QR situé sur le côté de l'appareil. Un code QR papier est également fourni dans le *Guide de configuration rapide*.

OU

Appuyez sur **Essayer plutôt un code numérique?**, puis entrez le code numérique fourni avec votre appareil.

6. Attendez que votre appareil soit configuré, puis choisissez le réseau Wi-Fi auquel vous souhaitez connecter votre appareil et entrez le mot de passe Wi-Fi correspondant.
Avis : Connectez l'appareil au même réseau Wi-Fi que votre appareil Echo.
7. Appuyez sur **Terminé**. Vous pouvez maintenant trouver votre appareil dans la liste des appareils et utiliser Alexa pour le contrôler.

Connexion à Google Home/Google

1. Lancez l'application Google Home et accédez à la page Appareils.
2. Appuyez sur **Ajouter un appareil**, puis sur **Appareil compatible Matter**.
3. Appuyez sur **Numériser le code QR**, puis numérisez le code QR situé sur le côté de l'appareil. Un code QR papier est également fourni dans le *Guide de configuration rapide*.
4. Appuyez sur **J'accepte** sur la page « Connecter cet appareil à votre compte Google », puis appuyez sur **Ajouter à Google Home**.

- La page de configuration « Nom de l'accessoire » s'affiche. Choisissez un emplacement pour votre appareil, puis donnez-lui un nom. Vous pouvez maintenant trouver votre appareil dans la liste des appareils et utiliser Google Home pour le contrôler.

Connexion à Apple Home/Apple

- Lancez l'application Apple Home, puis appuyez sur **+** situé dans le coin supérieur droit de la page d'accueil, puis appuyez sur **Ajouter ou numériser un accessoire**.
- Appuyez sur **Ajouter ou numériser un accessoire**, puis numérisez le code QR situé sur le côté de votre appareil. Un code QR papier est également fourni dans le *Guide de configuration rapide*.
- Choisissez un emplacement pour votre appareil, puis donnez-lui un nom.
- Choisissez comment votre appareil apparaîtra. Vous pouvez maintenant trouver votre appareil dans la liste des appareils et utiliser Apple Home pour le contrôler.

Autres méthodes de configuration

- Téléchargez la dernière version de l'application Alexa ou d'une application pour maison intelligente compatible Matter, puis connectez-vous.
- Branchez la prise Matter intelligente Amazon Basics.
- Dans l'application Alexa, appuyez sur **Plus** pour ajouter un appareil, puis sélectionnez **Prise, Amazon Basics** et **Prise Matter intelligente**.
- Suivez les étapes dans l'application pour terminer la configuration. Lorsque vous y êtes invité, appuyez sur **Numériser le code QR**, puis numérisez le code QR situé dans le *Guide de configuration rapide* ou sur la prise.

OU

Appuyez sur **Essayer plutôt un code numérique?**, puis entrez le numéro à 11 chiffres sous le code QR et suivez les instructions à l'écran pour terminer la configuration.

Comprendre le voyant DEL

Indicateur	Description
Le voyant DEL s'allume en rouge pendant 1 minute	La prise Matter intelligente n'est pas enregistrée
Le voyant clignote rapidement en rouge pendant 1 minute	La prise Matter intelligente est déconnectée
Le voyant DEL s'allume en vert pendant 3 secondes	La prise Matter intelligente est connectée
Le voyant DEL clignote alternativement en rouge et en vert	La prise Matter intelligente est réinitialisée aux paramètres d'usine par défaut
Le voyant DEL clignote rapidement en vert pendant 5 minutes	La prise Matter intelligente est prête à être configurée
Le voyant DEL clignote lentement en vert pendant 5 minutes	La prise Matter intelligente est en cours d'ajout sur un autre assistant ou une autre application.
Le voyant DEL est éteint	La prise Matter intelligente est éteinte

Utilisation de la prise Matter intelligente

- Appuyez sur le bouton d'alimentation/de réinitialisation pour allumer ou éteindre la prise Matter intelligente (et l'appareil connecté).
- Utilisez l'application pour allumer/éteindre la prise Matter intelligente à distance, définir des horaires et plus encore.
- Utilisez la commande vocale sur votre application Amazon Alexa, Google Home ou Apple Home. Par exemple, vous pouvez dire : « Alexa, allume la première prise ».

Rétablissement aux paramètres d'usine par défaut

Appuyez sur le bouton d'alimentation/de réinitialisation et maintenez-le enfoncé pendant 10 secondes jusqu'à ce que le voyant clignote alternativement en rouge et en vert.

Dépannage

Si la prise Matter intelligente ne fonctionne pas correctement, essayez les solutions suivantes.

Problème

Ma prise Matter intelligente ne se connecte pas à Alexa.

Solutions

- ▮ Assurez-vous d'avoir correctement ajouté l'appareil Echo avant de procéder au jumelage.
- ▮ Vérifiez que votre appareil Echo et l'application Alexa utilisent la version la plus récente du logiciel.
- ▮ Rapprochez votre téléphone/tablette de votre prise Matter intelligente.
- ▮ Assurez-vous que votre Echo et votre prise Matter intelligente sont connectés au même réseau Wi-Fi 2,4 GHz. La prise Matter intelligente n'est pas compatible avec les réseaux 5 GHz.
- ▮ Si vous avez un routeur Wi-Fi double bande et que les deux signaux réseau ont le même nom, renommez-en un et essayez de vous reconnecter au réseau 2,4 GHz.
- ▮ Assurez-vous de numériser le bon code-barres 2D fourni dans votre *Guide de configuration rapide* ou sur la prise Matter intelligente.
- ▮ Si vous avez plus d'une prise Matter intelligente et que vous numérisez le code-barres 2D figurant dans votre *Guide de configuration rapide*, associez le numéro DSN sur la prise Matter intelligente au code-barres 2D.
- ▮ Redémarrez votre appareil en l'éteignant et en le rallumant, puis reprenez la configuration.
- ▮ Réinitialisez votre prise Matter intelligente aux paramètres d'usine. Consultez « Rétablissement aux paramètres d'usine par défaut » à la page 15.

Problème

Mon appareil connecté ne s'allume pas/ne s'éteint pas avec l'application.

Solutions

- ▮ Assurez-vous que l'appareil connecté à la prise Matter intelligente est allumé. Par exemple, si vous avez connecté une lampe, mettez l'interrupteur de la lampe en position « allumée ».
- ▮ Assurez-vous que votre Echo et votre prise Matter intelligente sont connectés au même réseau Wi-Fi.
- ▮ Redémarrez votre appareil en l'éteignant et en le rallumant, puis réessayez.
- ▮ Réinitialisez votre prise Matter intelligente aux paramètres d'usine par défaut, puis reconfigurez la prise Matter intelligente avec l'application, consultez « Configuration de la prise Matter intelligente » à la page 13.

Problème

Je ne peux pas modifier les paramètres de ma prise Matter intelligente.

Solutions

- ▮ Redémarrez votre appareil en l'éteignant et en le rallumant, puis réessayez.
- ▮ Réinitialisez votre prise Matter intelligente aux paramètres d'usine par défaut, puis reconfigurez la prise Matter intelligente avec l'application. Consultez « Configuration de la prise Matter intelligente » à la page 13.

Problème

Si je perds le *Guide de configuration rapide*, comment puis-je configurer ma prise Matter intelligente?

Solutions

- Vous pouvez configurer votre appareil à l'aide de deux autres méthodes. Les instructions se trouvent dans « Autres méthodes de configuration » à la page 14.

Problème

Un code d'erreur Alexa s'affiche à l'écran.

Solutions

- Assurez-vous que le Bluetooth est activé sur votre téléphone tout au long du processus de configuration et que l'appareil que vous essayez de configurer est en mode de jumelage.
- Assurez-vous que votre Echo et votre prise Matter intelligente sont connectés au même réseau Wi-Fi 2,4 GHz. La prise Matter intelligente n'est pas compatible avec les réseaux 5 GHz.
- Redémarrez votre appareil en l'éteignant et en le rallumant, puis reprenez la configuration.
- Réinitialisez votre prise Matter intelligente aux paramètres d'usine. Consultez « Rétablissement aux paramètres d'usine par défaut » à la page 15.

Courant max.	3 680 W (charge résistive)
Mesure de la consommation électrique	Non prise en charge
Température ambiante	De -30 °C à 40 °C (de -22 °F à 104 °F)
Température de stockage	De -20 ° à 60 °C (de -4 ° à 140 °F)
Humidité de fonctionnement	10 % à 90 % d'humidité relative, sans condensation
Wi-Fi	Réseau 2,4 GHz, 802.11 b/g/n
Protocole sans fil	Matter via Wi-Fi + Bluetooth (Bluetooth sert uniquement au jumelage)
Classe de protection	IP20
Authentification	CE-RED+CE LVD VOC+EMC

Mentions légales

Marques de commerce

Le logo Wi-Fi CERTIFIED^{MC} est une marque déposée de Wi-Fi Alliance[®].

La marque et les logos Bluetooth[®] sont des marques de commerce déposées appartenant à Bluetooth SIG, Inc. et toute utilisation de ces marques par Amazon.com Services LLC est soumise à licence. Les autres marques de commerce et noms commerciaux sont ceux de leurs propriétaires respectifs.

Déclaration d'avertissement sur l'exposition aux radiofréquences

Cet équipement doit être installé et utilisé conformément aux instructions fournies, et la ou les antennes utilisées pour cet émetteur doivent être installées de manière à respecter une distance d'au moins 20 cm (7,87 po) de toute personne, ne doivent pas être situées à côté d'une autre antenne ou d'un autre émetteur, et ne doivent pas fonctionner conjointement avec une autre antenne ou un autre émetteur.

Les bandes de fréquences de fonctionnement sont de 2402 à 2480 MHz et les limites maximales de puissance transmise sont de 9 dBm E.I.R.P pour le BLE et de 18 dBm E.I.R.P pour le Wi-Fi.

Déclaration de conformité simplifiée pour l'UE

Par la présente, Amazon EU SARL déclare que l'équipement radio de type B0DP8JQ4FG/B0DP8JXJTV est conforme à la Directive 2014/53/UE.

Le texte intégral de la déclaration de conformité pour l'UE est disponible à l'adresse Internet suivante : https://www.amazon.co.uk/amazon_private_brand_EU_compliance

Mise au rebut (pour l'Europe seulement)

 Les lois sur les déchets d'équipements électriques et électroniques (DEEE) visent à réduire au minimum l'incidence des produits électriques et électroniques sur l'environnement et la santé humaine en augmentant la réutilisation et le recyclage et en réduisant la quantité de DEEE mis en décharge. La présence du symbole apposé sur ce produit ou sur son emballage indique que ce produit doit être mis au rebut séparément des déchets ménagers ordinaires à la fin de sa vie utile. Il vous incombe de mettre au rebut les équipements électroniques dans des centres de recyclage afin de préserver les ressources naturelles. Chaque pays devrait avoir des centres de collecte pour le recyclage du matériel électrique et électronique. Pour obtenir des renseignements sur votre lieu de dépôt pour le recyclage, veuillez contacter l'autorité de gestion des déchets d'équipements électriques et électroniques compétente, votre bureau municipal local ou votre service de traitement des ordures ménagères.

Service de logiciel et sécurité du réseau

Ce produit intelligent pour la maison Amazon Basics comprend un service de logiciel qui commence à la date de votre achat au détail initial et se poursuit jusqu'à ce que la fabrication du produit soit abandonnée.

Pour signaler les vulnérabilités de sécurité, contactez Amazon à l'aide de l'un des numéros de téléphone ou de l'une des URL répertoriés ci-dessous.

Royaume-Uni : +442033566212

Italie : amazon.com/pbhelp

Espagne : +34911230420

France : +33174181058

Allemagne : +498922061041

Remarque : Nous vous confirmons par courriel la réception de vos messages dans les 72 heures. Les clients recevront une mise à jour

tous les trois mois concernant les problèmes en cours de vérification jusqu'à ce qu'Amazon fournisse une solution.

Commentaires et aide

Nous aimerions recevoir vos commentaires. N'hésitez pas à laisser une note et un commentaire par le biais de vos bons de commande. Si vous avez besoin d'aide en ce qui concerne votre produit, connectez-vous à votre compte et accédez à la page Service à la clientèle/Contactez-nous.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but

not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work

or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. **Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. **Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. **Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets “[]” replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same “printed page” as the copyright notice for easier identification within third-party archives.

Copyright 2016-2018 The nlfaultinjection Authors.

* For project-chip/connectedhomeip (Matter) see also this required NOTICE:

The Matter SDK is an open source implementation of the Matter Specification (Matter). Matter is developed by members of the Connectivity Standards

Alliance

(Alliance) and promulgated by the Alliance.

LIMITED RIGHTS TO THE MATTER SDK: Your rights to the Matter SDK are described in

the LICENSE. No warranty or assurance is made with respect to additional rights

that may be required to implement the Matter SDK. Use of the Matter SDK does not

assure compliance with Matter and does not convey the right to identify any device, software, product or service as Matter compliant, certified or similar.

CERTIFICATION REQUIRES MEMBERSHIP IN THE ALLIANCE: Certification by the Alliance

of any device, software, product or service is limited to members of the Alliance, and requires compliance with applicable Alliance policies.

USE OF ALLIANCE TRADEMARKS AND LOGOS REQUIRES MEMBERSHIP IN THE ALLIANCE: Only

the Alliance and its members may use Alliance trademarks and logos, including,

without limitation, the Matter trademarks and logos. All Alliance trademarks

and

logos must be used in accordance with the Connectivity Standards Alliance Trademark and Logo Usage Guidelines and Terms, a copy of which can be found at www.csa-iot.org/resources/governing-documents.

JOINING CONNECTIVITY STANDARDS ALLIANCE: For information on how to become a member of Connectivity Standards Alliance please visit www.csa-iot.org/become-member.

DISCLAIMER: Elements of the Matter SDK may be subject to third party intellectual property rights, including without limitation, patent, copyright or trademark rights (such third party may or may not be a member of the Alliance).

The Alliance is not responsible and shall not be held responsible in any manner for identifying or failing to identify any or all such third party intellectual property rights.

Members of the Alliance may own intellectual property rights in Matter which rights are subject to the Alliance's Intellectual Property Rights Policy, which can be found at www.csa-iot.org/resources/governing-documents, and not the LICENSE.

This NOTICE must be included on all copies of the Matter SDK.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

“License” shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

“Licensor” shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

“Legal Entity” shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, “control” means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

“You” (or “Your”) shall mean an individual or Legal Entity exercising permissions granted by this License.

“Source” form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

“Object” form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but

excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 - (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
 - (d) If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one

of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. **Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

** libwebsockets; version 4.3.0 -- <https://libwebsockets.org/>
Copyright (C) 2010 - 2019 Andy Green <andy@warmcat.com>

* Package libwebsockets's source code may be found at:
<https://distfiles.macports.org/libwebsockets/libwebsockets-4.3.0.tar.gz>

Libwebsockets and included programs are provided under the terms of the MIT license shown below, with the exception that some sources are under a similar permissive license like BSD, or are explicitly CC0 / public domain to remove any obstacles from basing differently-licensed code on them.

Original liberal license retained:

- lib/misc/sha-1.c - 3-clause BSD license retained, link to original
- win32port/zlib - ZLIB license (see zlib.h)
- lib/tls/mbedtls/wrapper - Apache 2.0 (only built if linked against mbedtls)
- lib/misc/base64-decode.c - already MIT

Relicensed to MIT:

- lib/misc/daemonize.c - relicensed from Public Domain to MIT,
link to original Public Domain version
- lib/plat/windows/windows-resolv.c - relicensed from "Beerware v42" to MIT

Public Domain (CC-zero) to simplify reuse:

- test-apps/*.c
- test-apps/*.h
- minimal-examples/*
- lwsws/*

Although libwebsockets is available under a permissive license, it does not change the reality of dealing with large lumps of external code... if your copy diverges it is guaranteed to contain security problems after a while and can be very painful to pick backports (especially since historically, we are very hot on cleaning and refactoring the codebase). The least painful and lowest risk way remains sending your changes and fixes upstream to us so you can easily use later releases and fixes.

MIT License applied to libwebsockets:

<https://opensource.org/licenses/MIT>

Permission is hereby granted, free of charge, to any person obtaining a copy of this software and associated documentation files (the "Software"), to deal in the Software without restriction, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense, and/or sell copies of the Software, and to permit persons to whom the Software is furnished to do so, subject to the following conditions:

=====

This product includes cryptographic software written by Eric Young
(eay@cryptsoft.com). This product includes software written by Tim
Hudson (tjh@cryptsoft.com).

Original SSLeay License

Copyright (C) 1995-1998 Eric Young (eay@cryptsoft.com)
All rights reserved.

This package is an SSL implementation written
by Eric Young (eay@cryptsoft.com).
The implementation was written so as to conform with Netscapes SSL.

This library is free for commercial and non-commercial use as long as
the following conditions are aheared to. The following conditions
apply to all code found in this distribution, be it the RC4, RSA,
lhash, DES, etc., code; not just the SSL code. The SSL documentation
included with this distribution is covered by the same copyright terms
except that the holder is Tim Hudson (tjh@cryptsoft.com).

Copyright remains Eric Young's, and as such any Copyright notices in
the code are not to be removed.
If this package is used in a product, Eric Young should be given attribution
as the author of the parts of the library used.
This can be in the form of a textual message at program startup or
in documentation (online or textual) provided with the package.

Redistribution and use in source and binary forms, with or without
modification, are permitted provided that the following conditions
are met:

1. Redistributions of source code must retain the copyright
notice, this list of conditions and the following disclaimer.
2. Redistributions in binary form must reproduce the above copyright
notice, this list of conditions and the following disclaimer in the
documentation and/or other materials provided with the distribution.
3. All advertising materials mentioning features or use of this software
must display the following acknowledgement:
"This product includes cryptographic software written by
Eric Young (eay@cryptsoft.com)"
The word 'cryptographic' can be left out if the rouines from the library
being used are not cryptographic related :-).
4. If you include any Windows specific code (or a derivative thereof) from

the apps directory (application code) you must include an acknowledgement:
"This product includes software written by Tim Hudson (tjh@cryptsoft.com)"

THIS SOFTWARE IS PROVIDED BY ERIC YOUNG "AS IS" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE AUTHOR OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

The licence and distribution terms for any publically available version or derivative of this code cannot be changed. i.e. this code cannot simply be copied and put under another distribution licence [including the GNU Public Licence.]
