This policy constitutes an agreement between you and the insurer, London General Insurance Company Limited. The insurer has appointed TWG Services Limited (TWGS) to administer the policy. Proof of ownership

We will need to validate any claims by checking that the product belongs to you, to do this you may need to provide some form of proof of ownership to show the product is yours. This could be a receipt, invoice, sales delivery confirmation, etc. For Amazon orders a record of your purchase history can be found on Amazon under "My Account". If you don't have any proof of ownership we may decline your claim.

Who is this cover designed for?

This insurance cover is designed for a new or Amazon Renewed product that is not already covered under an insurance policy, and you want to cover the cost of repairing or replacing your product against accidental damage and breakdown not covered by the manufacturer warranty.

Eligibility

You are eligible for this cover if:

- You are a UK resident (excluding Channel Islands and Isle of Man).
- You are over the age of 18.
- You have purchased the product within 30 days before taking out this insurance policy

What you are covered for

This policy covers a single product purchased either as new (and covered by a manufacturers guarantee of at least one year) or Amazon Renewed. This policy must be purchased within 30 days of the purchase of the product being insured and does not cover refurbished (with the exception of Amazon Renewed), used or second hand items (subject to the provisions dealing with transfer in the section 'Transfer of Policy').

Your product is covered for:

- **Damage**
- **Breakdown**

occurring anywhere in the world

If your product is damaged or breaks down we will either repair or replace it. The decision to repair or replace will be at our sole discretion.

If you are unable to provide the damaged or faulty product to support your damage or breakdown claim then this will be classified as being lost and will not be covered on this policy.

Replacements

In the event we choose to provide a replacement product you will be given the choice of either:

- a) We will provide you with a product of the same or comparable brand, of equivalent technical specification (as determined by us) where available and sold as new by Amazon via amazon.co.uk on the day of requesting a settlement, with a value not exceeding the original purchase price of your product. Your replacement product will be new and will be provided with a new guarantee; or
- b) An Amazon Gift Card claim code (or alternative selected by us) to the value of a replacement product (see (a) above). If such a product is not available, we will determine the Gift Card claim code value by considering the current retail market price of an identical or equivalent specification product.

Whether you select (a) or (b) your policy will end. For a large product (such as heavy kitchen appliances and large screen TVs), if you choose (a) we will arrange for your broken product to be collected when your replacement product is delivered, however if you choose (b) you become responsible for disposing of your broken product.

Any products which are replaced will become our property should we request for the device to be returned to us.

What you are not covered for

Damage or breakdown as a result of improper use or not taking reasonable care of your product

We expect that you will take care of your product, if you don't, then we may decline your claim.

Taking care of your product means –

- Following manufacturer instructions on the use of your product
- Not using your product in an environment which could materially increase the risk of damage to it (e.g. taking a non-waterproof product with you whilst swimming)
- Intentionally damaging your product

Improper use of your product is where the product has been designed for use in a household environment and is being used in a business or commercial environment.

These examples increase the risk of it being damaged and may result in your claim being declined. The examples are to help you understand what's covered, and are not the only reasons a claim could be rejected.

We will always take into account the situation when the accidental damage occurred when assessing your claim

Loss or Theft

This policy does not cover loss or theft of your product.

More than 3 repairs in a 12 month period

Where we are able to repair your product we will only provide up to 3 repairs in any 12 month period.

For example if we repair your product on the 1st January and again on 1st May in the same year if we need to repair your product before the 1st January of the following year then this policy will end immediately after we have repaired it for the third time.

Cosmetic damage

If it is just a scratch or dent, and your product still works as expected, then we will not repair or replace it.

Accessories

Cover is not provided for any accessories which were not included with the product when purchased.

Contents of your product

We don't cover the contents of your product (e.g. photos, videos, contacts). This also means that if any of the data or information stored on your product is used to access any existing accounts or open new accounts through fraud, we do not cover any financial losses as a result. For large items containing food or other perishables (e.g. fridge or freezers), any contents are not covered.

Consumables i.e. items replaceable by you

We will not provide cover where the breakdown can be fixed by you replacing consumable items. This includes, but is not limited to, items such as fuses, light bulbs, filters and batteries.

Other losses

We don't cover any cost or losses that cannot be resolved by the repair or replacement of your product including for example: any loss of profit, opportunity, goodwill, loss of use of subscription services or similar losses.

Unauthorised repairs

We want the ability to assess the damage to your product in order to best decide whether to repair or replace it. If you have it repaired without our opportunity to do this then we may not pay your claim.

This also includes any repair or modification which has not been authorised by the manufacturer.

Viruses and software

Breakdown due to malicious software, software faults or updates are not covered.

Manufacturer recall

This policy does not cover any faults which relate to a manufacturer recall of your product, or any costs covered under the manufacturer guarantee.

How to make a claim

Step One: Contact us by email at: claims@techprotection.co.uk, call us on 0303 313 00 02 between 9am and 6pm Monday to Friday, or write to us at Protectyourbubble.com by Assurant, Vantage Point Business Village, Mitcheldean, GL17 0DD, United Kingdom.

Step Two: We will arrange for your product to be examined. We will advise you at the point you make a claim which process we will follow.

For damage occurring outside the UK

Call us first for authorisation for a local repair by a manufacturer-approved repairer, if there are no manufacturer approved repairers you will have to wait to return to the UK to proceed with your claim. We will agree a maximum repair cost and will reimburse you upon receipt of an official invoice or confirmation of payment. Alternatively, if it can wait, we can process your claim when you return.

We will always do our best to make sure that you are satisfied with the outcome of the claim, however if you are not, please follow the complaints process in the “Making an enquiry or complaints” section.

Price of your insurance

The price of this insurance depends on the type and value of the product being insured, and is payable when you purchase the cover. The exact amount will be confirmed at the point of purchase.

Duration of this Policy

Your policy starts from the date shown on your schedule of insurance and end on the earliest of;

- the expiry date shown on your schedule of insurance; or
- the date you receive a replacement product or a settlement following a breakdown or accidental damage claim; or
- the date where we have repaired your product for the third time in any 12 month period; or
