

# INSTRUCTION MANUAL

VEYFIY Floor Lamp

Model:VE-HFL001

## Proper use

- This lamp is designed for illumination in dry indoor rooms. It is not suitable for use in damp rooms, e.g. bathrooms.
- Do not look directly into the light source! Your eyes could be damaged.
- The lamp must never be used for direct irradiation of persons, animals or plants.
- Do not touch the lampshade during operation, as it becomes very hot.
- Let the lamp cool down completely before changing the bulb or putting it away. Risk of burning.
- Be careful when inserting and changing the bulb. Risk of breakage and therefore risk of injury!
- Keep children away from packaging -risk of suffocation!
- Keep children away from the lamp, and do not leave them unsupervised with the lamp.
- Do not cover the lamp, for example with drapes or anything else. This could lead to fire.
- Wipe clean with a soft, dry cloth or static duster. Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.
- This product contains glass parts – be careful during handling and maintenance to avoid breakage.
- Always use the correct wattage and shape light bulbs according to the product label. Do not exceed the maximum wattages stated or this will overheat the product and may cause damage.
- This product is designed for private use and is not suitable for commercial purposes.

## **Risk of electric shock**

- Keep the lamp away from humidity. Connect the lamp only to a wall socket, which corresponds to the technical data of the lamp.
- Do not use the lamp if it is damaged or if the connecting cable shows any kind of visible damage.
- Do not take the lamp apart and only have it repaired at your local electrical store.
- A damaged cable must only be repaired at your local electrical store.
- Before cleaning or if the lamp is not to be used for a long period, unplug the lamp from the mains power supply.
- During storms and before you change the bulb; unplug the lamp from the mains power supply.
- When removing the plug from the socket, always pull on the plug and not the cable.

## **Location**

- Keep the lamp well away from heat sources such as stovetops or ovens.
- Place the lamp at least 8 inch from flammable materials.
- Always place the lamp on an even and stable surface to prevent it from tipping over.
- Do not allow the device to fall and do not subject it to strong impacts.
- Do not subject the device to extreme temperatures, severe changes in temperatures, direct sunlight or moisture.
- Prevent the floor lamp from falling water or getting wet.

## Product Contents

## Pre-assembly:

**Before starting to assemble your portable luminaire, inspect each part for defects that may have occurred during shipping.**

1. Inspect the wire insulation for any cuts, abrasions or exposed copper that may have resulted during shipping. If there is a defect in the wire, **DO NOT** continue the assembly operation.

Please contact the seller or the VEYFIY customer service.

2. If the glass "I shade" is broken or damaged, please **DO NOT** continue

to assemble the operation to avoid scratching your hands, please contact us as soon as possible.

**Note:** Do not discard any contents before assembly is complete to avoid accidental loss of small parts or hardware.

**1.** Connect the “E Rod” to the bottom “D Rod ” until it is screwed firmly.

**2.** Connect “C Rod” and “B Rod” bottom rods in sequence follow the first step. During this process, gently pull out the excess power cord from the bottom Rod.

**3.** Screw the “B rod” into “A Base” until it is secure.

**4.** Attach the “I shade” to the “F lamp head” and turn the “H Shade Ring” clockwise until it is tightened. Please pay attention to the direction of the lampshade when installing.

**5.** Install the prepared E26 bulb (Not included, need to be purchased separately) onto the “F Lamp Head”, and the installation is complete.

## Turn the lamp on/ off

1. Put the power plug into wall socket and turn the switch on the Lamp head clockwise to turn on the light.
2. Turn the switch on the lamp head clockwise to turn off the light.

## Changing bulb

Always grasp the base of the bulb when replacing the bulb, always handle the new bulb with a handkerchief or gloves to prevent damage to the bulb and a reduction in lifespan. Allow the bulb to cool completely before replacing it. Use only E26 model bulbs with a maximum power of 40 watts.

- 1. Unplug from the mains supply.**
- 2. Carefully remove the old bulb from the installation.**
- 3. Carefully place the new bulb into the “F Lamp Head”.**

### Important Safety Instructions

This portable lamp has a polarized plug ( one blade is wider than the other ) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted.

### Instrucciones Importantes de Seguridad

Esta Lámpara Portátil tiene un enchufe polarizado ( una punta es mas ancha que otra ), Como una manera de seguridad para reducir el riesgo de una descarga eléctrica. Este enchufe podrá ser conectado a un receptor polarizado de una sola manera si no logra conectar completamente el enchufe, reinviértalo para ponerlo en la posición correcta. Si después de voltearlo aun no logra conectarlo, favor de contactar con un electricista con licencia ( Calificado ) nunca utilizar la lámpara con una extensión de cordón eléctrico a menos de que el enchufe de la conexión es completamente introducida.
