About the VFAN Jr

Just like the original...only smaller. Like father like son. In 1945, we introduced the world to Vornado fan, revolutionizing the fan pedigree in terms of quality and personal comfort. Now, a new generation can experience a Vornado descendent. Meet VFAN Jr. Its metal construction and authentic styling recreates our classic design for look and function to blend perfectly in smaller rooms. Our lil' VFAN sibling continues the Vornado family legacy of delivering unparalleled whole room air circulation with our signature Vortex Action.
