

Step by step guide to attaching a Kaytee Silent Spinner to a cage

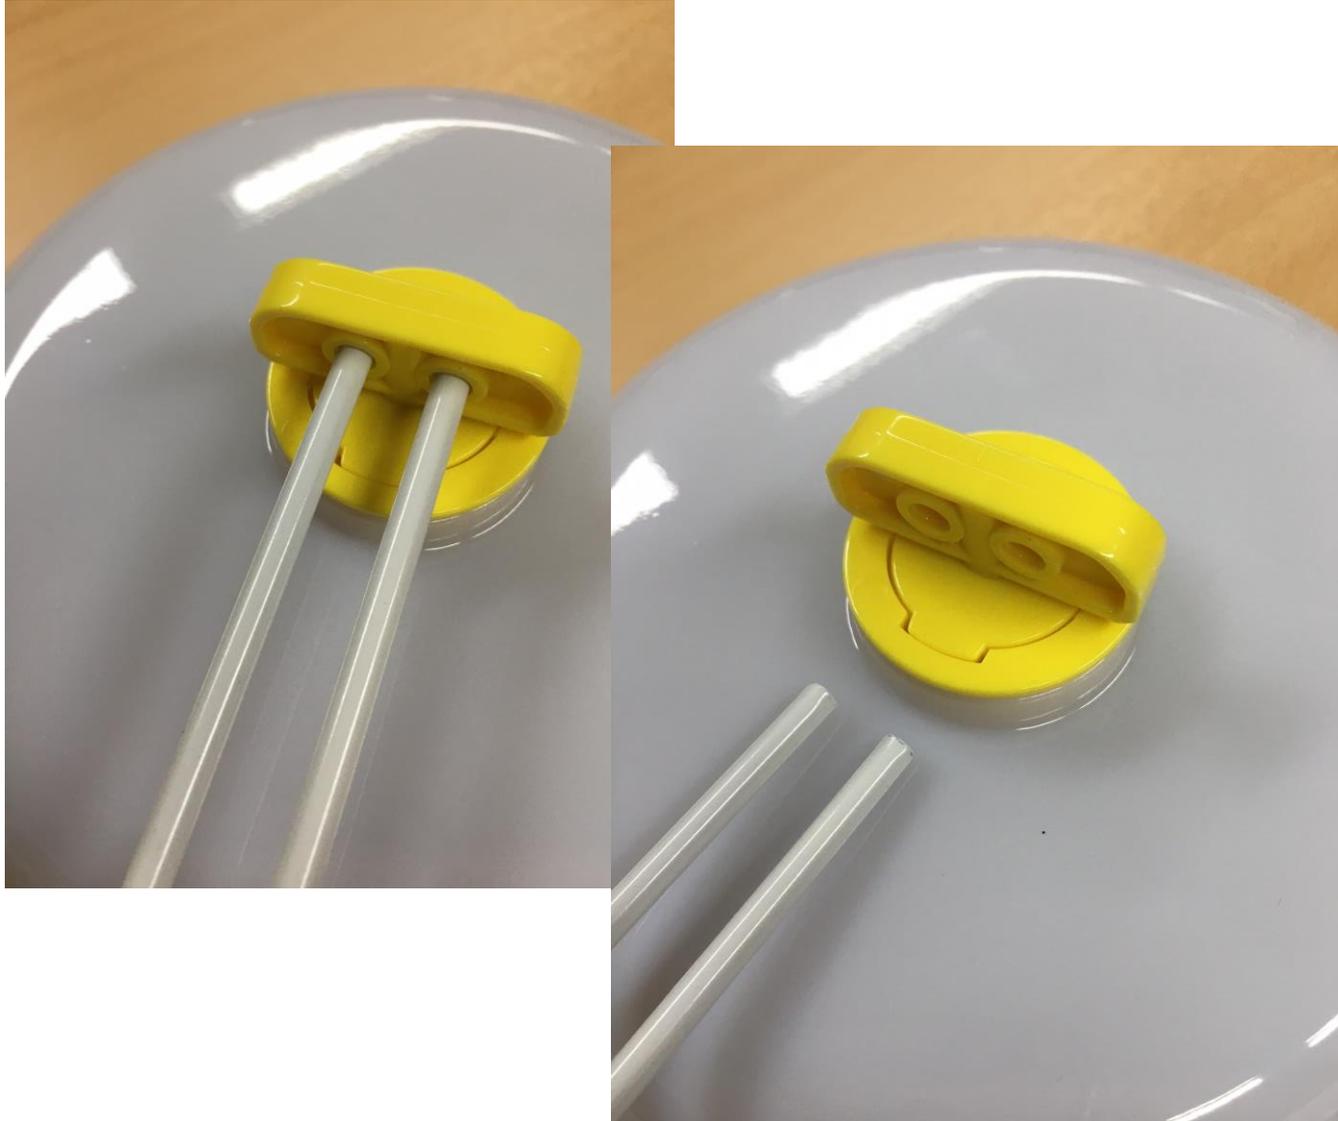

Step 1: Take the wheel out of the card packaging

Step by step guide to attaching a Kaytee Silent Spinner to a cage

Step 2: Take the wheel off the stand by pulling the 2 metal rods out of the yellow bracket at the back of the wheel

Step 3: Remove the bracket from the wheel by unscrewing the nub from inside the wheel whilst holding the bracket at the back to ensure it starts to unthread

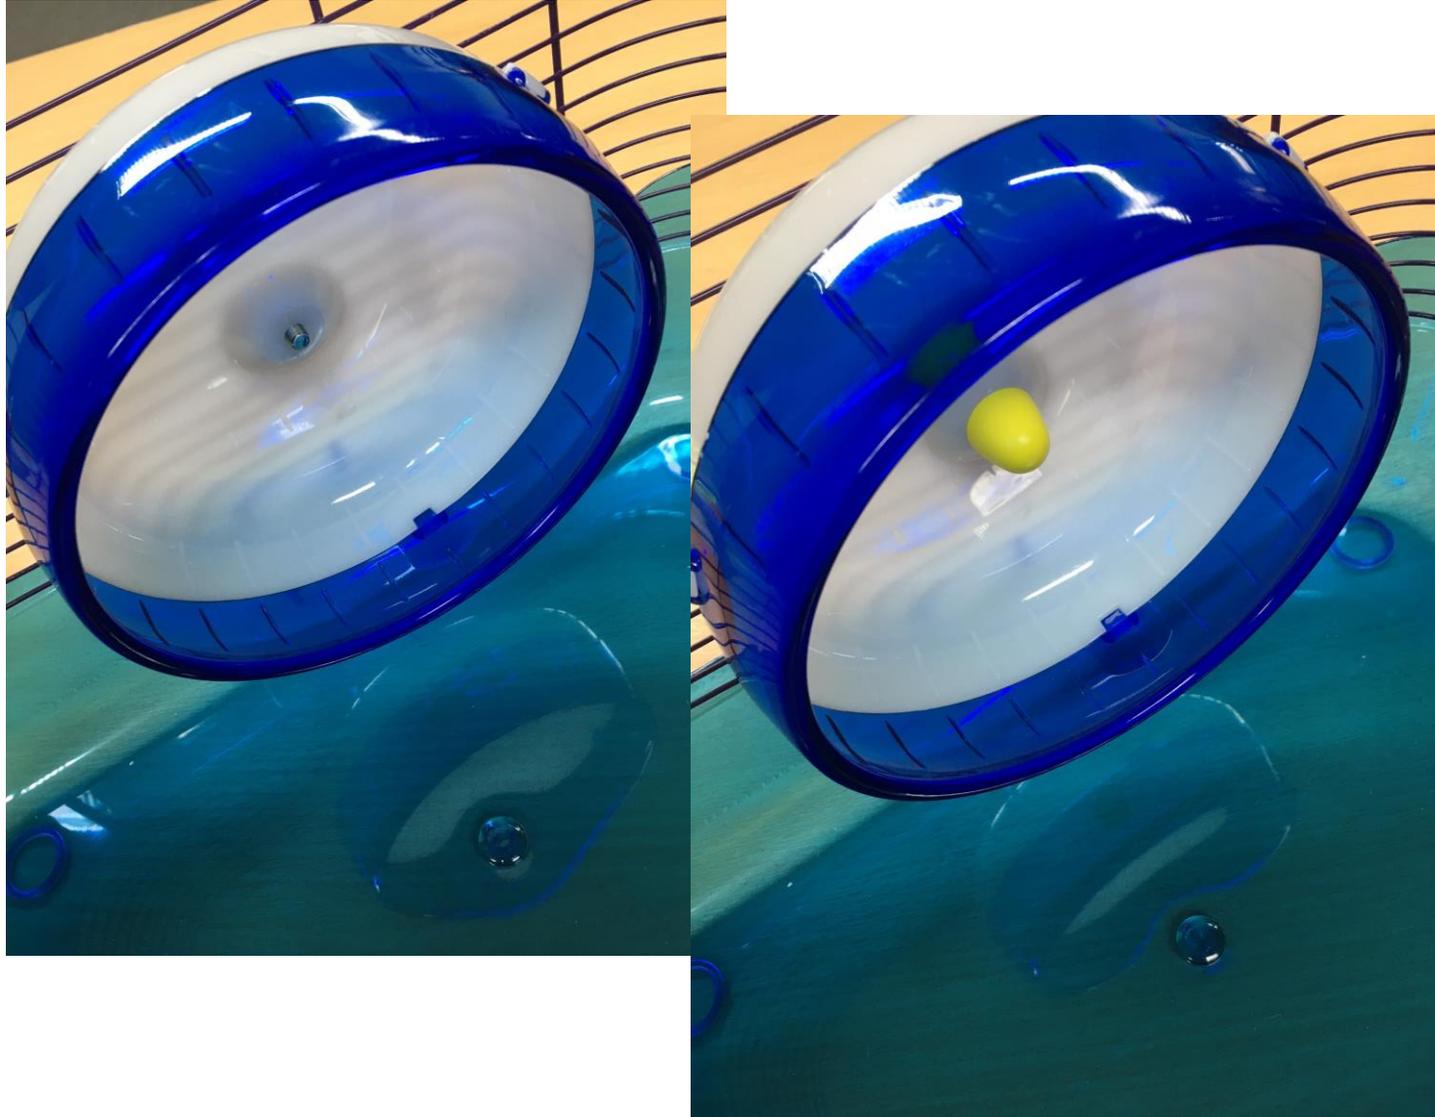

Alternatively, keep the bracket attached to the wheel and try Step 4 with the wheel still attached to speed up the process
