

Sleep, Exercise, Music: All in One

**BLUETOOTH
HEADBAND HEADPHONES**
User Manual

Product Specifications

Bluetooth Version: 5.4

Transmission Range: Up to 33 feet (10 meters)

Battery Capacity: 200mAh

Charging Time: Approximately 2 hours

Playback Time: Up to 14 hours

Standby Time: Up to 100 hours

Material: Soft, breathable fabric

Speaker Diameter: 32mm

Frequency Response: 20Hz - 20kHz

Weight: 120 grams

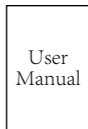

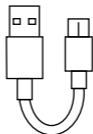

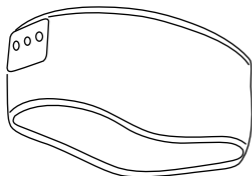

Compatibility: Compatible with most Bluetooth-enabled devices, including smartphones, tablets, and laptops.

Package Contents:

1*Bluetooth Headband

1*Type-C Charging Cable

1*User Manual

Preparation Before Use

Charging the Bluetooth Headband:

- Before using the Bluetooth Headband for the first time, ensure it is fully charged. Connect the provided USB charging cable to the Bluetooth Headband and a power source, such as a computer USB port or USB wall adapter.
- During charging, the red LED indicator light will illuminate, and once fully charged, the blue LED indicator light will turn on. Charging typically takes approximately 2 hours.

How to Wear for Optimal Sound Quality:

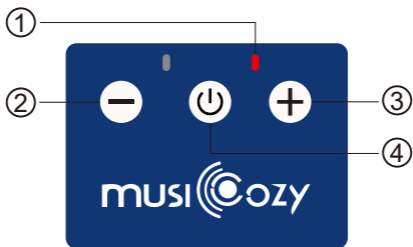

- Achieve the best audio experience by adjusting the speaker position to align with your ears. Slide the speakers along the headband until they are positioned comfortably over your ears.

Additional Tips:

- For optimal performance and battery life, it is recommended to fully charge the Bluetooth Headband before each use.
- Avoid exposing the Bluetooth Headband to water and moisture to prevent damage to the electronic components.

Operating Instructions

- ① The light will turn blue after fully charged
- ② Volume Down / Previous Track
- ③ Volume Up / Next Track
- ④ On / Off / Play / Pause / Answer

Power On/Off:

- To power on the Bluetooth Headband, press and hold the front power button for about 3 seconds. The LED indicator will flash blue and red alternately, indicating power on.
- To power off, press and hold the power button until the LED indicator turns off.

Bluetooth Pairing:

- 1. Ensure Bluetooth is enabled on your device (e.g., smartphone, tablet).
- 2. Press and hold the power button until the LED indicator flashes blue and red, indicating pairing mode.
- 3. In your device's Bluetooth settings, select "musiCozy" to establish a connection.
- 4. Once paired, the LED indicator will turn off.

Music Playback:

- **Play/pause:**
Press the front power button once.
- **Volume control:** Use the volume up (+) and volume down (-) buttons.

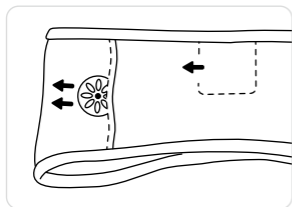

Answering Calls:

- To answer, press the power button once.
- To end, press the power button again.

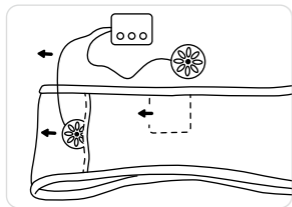

Skipping Tracks:

- For next track, press and hold volume up (+) for about 2 seconds.
- For previous track, press and hold volume down (-) for about 2 seconds.

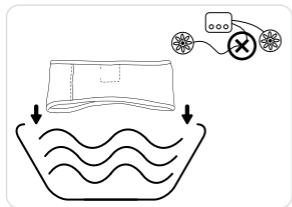

How to Remove the Speakers of the Bluetooth Headband

1. Locate the cutout on the side of the Bluetooth module. Slide it carefully to expose the speakers.

2. Gently pull each speaker's cable to remove them from the openings on the same side of the Bluetooth Headband.

3. After removing the speakers, proceed to clean the Bluetooth Headband.

Note: Avoid pulling too hard on the cables to prevent damage to them or the speakers.

Q1: How long is the warranty?

A1: We offer a one-year warranty from the date of purchase on every product sold.

Q2: How do I reset the Bluetooth Headband if I encounter connectivity issues?

A2: To reset the Bluetooth Headband, simultaneously press and hold the power button and volume up (+) button for approximately 5 seconds until the LED indicator flashes blue and red alternately. Then, re-pair it with your device.

Q3: Can I adjust the volume of the Bluetooth Headband during a phone call?

A3: Yes, you can adjust the volume of the Bluetooth Headband during a phone call by using the volume up (+) or volume down (-) buttons on the side of the headband.

Q4: How long does the battery of the Bluetooth Headband last on a single charge?

A4: The battery of the Bluetooth Headband can last up to 14 hours of continuous playback on a single charge, depending on usage and volume levels.

Q5: Can I use the Bluetooth Headband with other Bluetooth-enabled devices besides smartphones?

A5: Yes, the Bluetooth Headband is compatible with most Bluetooth-enabled devices, including smartphones, tablets, and laptops.

Q6: Can I use the Bluetooth Headband while charging?

A6: No, the Bluetooth Headband cannot be used while charging.

Q7: How do I know when the battery of the Bluetooth Headband is low?

A7: When the battery of the Bluetooth Headband is low, the LED indicator will flash red, indicating that it's time to recharge the device.

Q8: Can I adjust the position of the speakers in the Bluetooth Headband?

A8: Yes, you can adjust the position of the speakers within the headband to ensure optimal comfort and audio quality.

Q9: Is the Bluetooth Headband suitable for use in noisy environments?

A9: While the Bluetooth Headband can help block out ambient noise to some extent, it is not specifically designed for noise cancellation. For optimal results in noisy environments, consider adjusting the volume levels accordingly or using additional noise-canceling earplugs.

Q10: Can I adjust the brightness of the LED indicator light on the Bluetooth Headband?

A10: No, the brightness of the LED indicator light on the Bluetooth Headband cannot be adjusted. However, it is designed to provide a subtle indication of the device's status without causing discomfort during use.

Q11: The battery cannot be charged.

A11: Please try using a different charging cable to see if it can be charged. If the issue persists, please contact us, and we will send you a replacement.

Q12: The speakers are broken, or one speaker has sound but the other one does not.

A12: Please remove the speakers before washing. If you find any damage, please contact us, and we will send you a replacement if it is a product quality issue.

Battery Maintenance

- 1.** Charge the Bluetooth Headband by using the provided USB charging cable and avoid using incompatible chargers or power sources.
- 2.** Do not overcharge the battery or leave the Bluetooth Headband connected to the charger for extended periods, as this may degrade battery performance over time.
- 3.** If you plan to store the Bluetooth Headband for an extended period, ensure it is partially charged (around 50%) to prevent battery depletion.

The Bluetooth Headband cannot be used while charging.
