

G900 CHAOS SPECTRUM

Professional-Grade Wired/Wireless Gaming Mouse

PURE PRO PERFORMANCE.

Lag time from a gaming mouse can be the difference between winning it all or losing. Trusted by top eSports professionals, G900 Chaos Spectrum delivers ultra-quick responsiveness that's virtually lag-free—wired or wireless. Featuring Logitech G's industry-leading PMW3366 optical sensor with exclusive clock tuning technology, Chaos Spectrum interprets every hand movement onto the screen with superior tracking accuracy and consistent responsiveness at any speed.

Pro-grade wired/wireless connection

No slow signals or delays—ultra-quick 1 millisecond wired or wireless report rate is perfect for competition-level twitch targeting.

Worry-free 32-hr. battery life

Outlasts ordinary wireless gaming mice thanks to Logitech G power-saving Clock Tuning Technology.

Mechanical Pivot Button Design

Metal spring tensioning system and metal pivot hinge design for consistently fast, accurate click performance with a crisp, clean click feel.

PMW3366 optical gaming sensor

Widely accepted by pro gamers as the best gaming sensor. Exceptional tracking accuracy and consistency across entire 200-12,000 DPI range.

Customizable fit

Button caps and covers for a true left- or right-hand mouse that fits any mouse grip style.

Customizable controls

11 programmable buttons for game macros, DPI shifting and more.

RGB customizable lighting

Match your style and environment with up to 16.8 million colors.*

Easy-to-program Logitech Gaming Software

Customize lighting, surface tuning, button macros and more
