

## BlueDevil

Head Gasket Sealer | #38386

BlueDevil Head Gasket Sealer will repair and seal leaks in blown head gaskets, warped or cracked heads, heater cores, and freeze plugs. BlueDevil contains no solid or particulate matter, and will not clog or harm your engine. It bonds to metal, aluminum, cast, alloy, or plastic, and it's safe and easy to use. BlueDevil Head Gasket Sealer is compatible in gasoline and diesel engines. It stops leaks permanently.

- Good for Head Gaskets, Warped or Cracked Heads, Heater Cores and Freeze Plugs
- Contains no solid or particulate matter that can harm a vehicles engine
- Alternative solution for costly and time consuming repairs
- Safe and easy to use, Permanent Repair

### Directions

follow us on:

1. Cooling system must be clean and free flowing before applying BlueDevil Engine Sealer.
2. REMOVE THERMOSTAT and flush cooling system through bottom radiator hose using BlueDevil Radiator Flush (or comprable flushing agent) and then flush with water.
3. Fill cooling system with WATER. Leave enough room for the recommended amount of BlueDevil. (See Table Below)
4. IMPORTANT: ENGINE MUST BE COLD BEFORE YOU BEGIN. Remove the radiator cap and start the engine while cold, then turn heater to Max.
5. IMPORTANT: POUR SLOWLY! With the engine idling, SLOWLY POUR BlueDevil into the radiator (take 1 minute pour time for entire bottle - 30 seconds for 1/2 bottle). After pouring BlueDevil slowly, let vehicle idle with CAP ON for 50 minutes. You do not need to flush the system a second time after process is complete (BlueDevil can stay in the system)
6. After test drive, let engine cool before installing new thermostat. Refill with compatible anti-freeze.

**CAUTION! KEEP OUT OF REACH OF CHILDREN. AVOID EYE OR SKIN CONTACT. IF EYES OR SKIN BECOME IRRITATED, RINSE WITH COLD WATER IMMEDIATELY. IF SWALLOWED, DRINK LARGE VOLUMES OF WATER. CONSULT A PHYSICIAN IF DISCOMFORT OCCURS**

Capacity Table / Tabla de Capacidad	
Cooling System Capacity Capacidad del Sistema de Enfriamiento	Recommended Amount of BlueDevil Cantidad Recomendada de Diabto Azul
3 gal (11,5 L)	1/2 quart / botella
4.5 gal (17 L)	1 quart / botella
6 gal (23 L)	1 1/2 quart / botella
7.5 gal (28,5 L)	2 quarts / botella
9 gal (34 L)	2 1/2 quarts / botella
