ZR USB 3.2 Gen 2 Portable SSD

Universal Features
The Netac ZR Portable SSD uses a USB 3.2 Gen 2 interface and transmission speeds up to 550MB/s, allowing you to move files faster and edit right from the drive. You can store your content and memories on a fast drive, which has up to 1TB of space for a full library of content in a pocket-sized design.

Dazzling RGB Design
To enhance the user's gaming experience, the Netac ZR portable SSD features vibrant RGB LEDs, and a pocket-size design that makes it easy to carry, both convenient and stylish.

Multi-device Compatibility
Support multiple platforms, such as laptops/desktop computers, mobile devices, and gaming consoles, etc., easily store your content anywhere. In addition, it also supports Win To Go (Netac does not sell the system and software, you need to install it by yourself), which can meet the dual system requirements of MacBook users without occupying the computer's hard disk.

Plug And Play
This external solid-state drive comes with a USB Type-C to A cable and a USB-A to C adapter right in the box, so whether you are working on a computer or mobile device, it works the way you work.

As an industry-leading manufacturer of memory and storage, Netac has been always been dedicated to the mission of providing the best products and services. For more information or support, please visit www.netac.com.

- Capacity: 128GB,250GB,500GB,1TB
- Interface: USB 3.2 Gen 2 with Type-C; Backwards compatible with USB3.2 Gen 1 and USB2.0
- Form Factor: Portable
- Texture: Toughened glass + Plastic
- Dimensions (L*W*H): 95mm*48mm*8.8mm
- Weight: About 45g
- Color: White
- Storage Temperature: -40°C~85°C
- Operation Temperature: 0°C~70°C
- Warranty: 3-year limited
- System Support: Windows 7/8/8.1/10/11, Mac OS X 10.6 or above, Linux Kernel 2.6 or above, Android 5.0 or above

Product Information

Capacity	Model Number
128GB	NT01ZR-128G-32WH
250GB	NT01ZR-250G-32WH
500GB	NT01ZR-500G-32WH
1TB	NT01ZR-001T-32WH

* 1GB means 1,000,000,000 bytes, actual available capacity less.

* According to internal tests, transmission rate are may vary depending on host hardware, software, and usage.

* To achieve optimal performance, the host device and cable must also support USB 3.2 Gen 2 and enable the UASP mode.

Test data are derived from the highest values obtained by Netac Laboratory in a specific test environment, Netac does not guarantee read/write speeds in individual devices.
