

EXTEND-A-REACH

Extention Pole

User manual

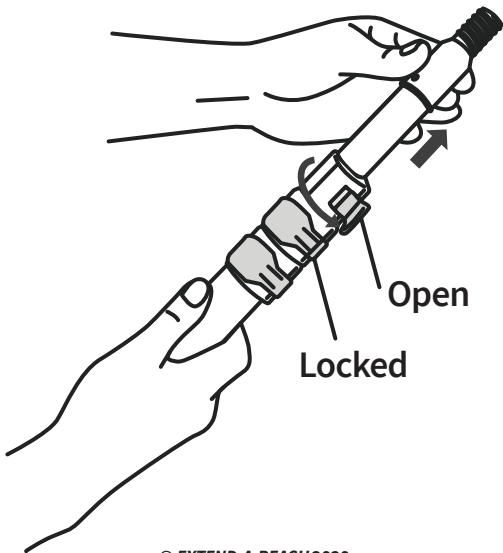

Attaching accesories

- Screw the relevant accessory onto the threads at the end of your pole.
- The threading on all Extend-A-Reach tools is 3/4" Acme, USA Standard, and Universal.

Adjust the pole

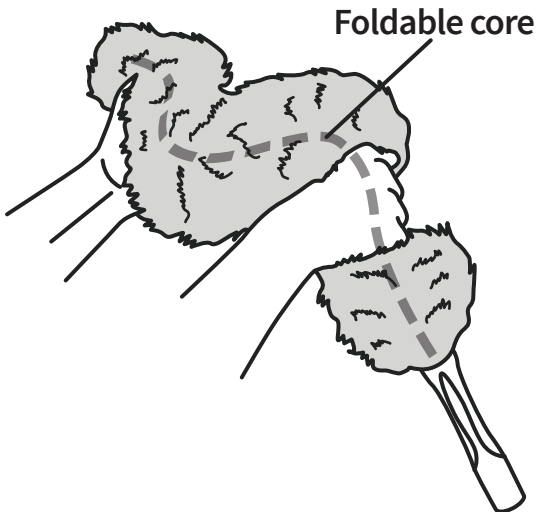

- Extend pole segments one-by-one.
- After extending each segment, lock it in place with its lever clasp.

Using the dusters

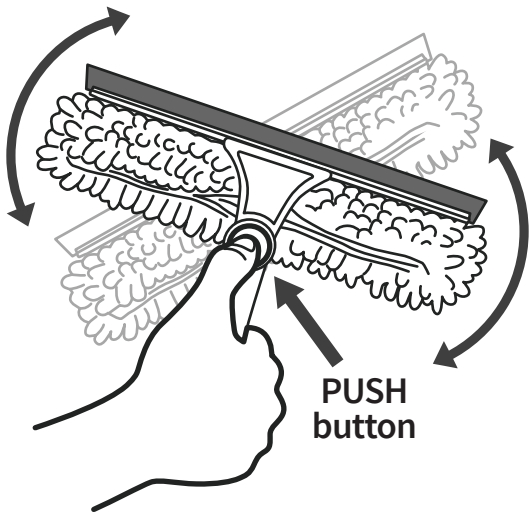

The ceiling fan brush and the feather duster are bendable and can clean hard-to-reach places.

Simply bend them into the shape you need for your particular job.

Adjusting the squeegee

Adjust the position of the squeegee by pressing on the “PUSH” button and rotating its head to the desired angle.

*** The extension pole and attachments
are recommended to be stored indoors.**
