

### PRODUCT OVERVIEW

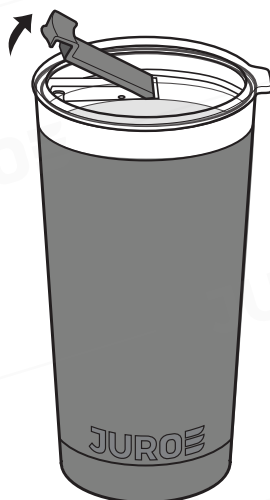

- ① Flip Lid
- ② Slider Lid
- ③ Juro Tumbler
- ④ Steel Straw
- ⑤ Steel Straw Cleaner

### Size and Dimensions of Juro Tumbler

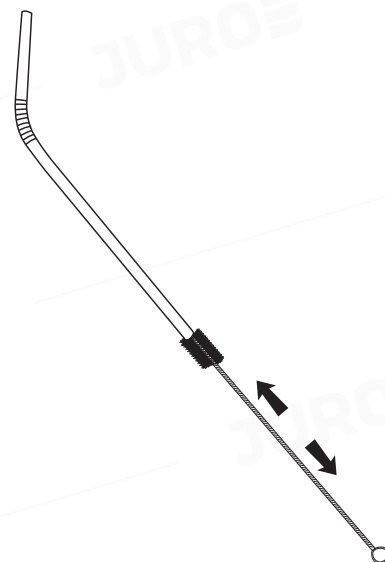

#### How To Use- Slider Lid

Push down on Slider Lid to attach it to the Juro Tumbler. Press back on grooves to open lid. You MUST keep Slider Lid OPEN when putting it onto the tumbler. If lid is CLOSED, air will become TRAPPED and PREVENT an air-tight seal.

#### How To Use- Flip Lid

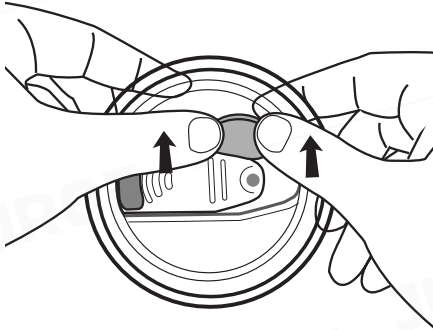

Push down on Flip Lid to attach it to the Juro Tumbler. Push Flip Lid up with thumb firmly.

#### How To Use- Steel Straw Cleaner

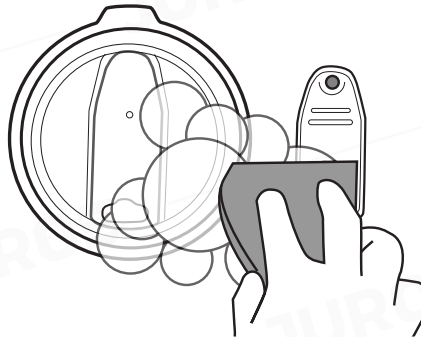

Push the end with the white bristles into the Steel Straw. Insert it back and forth carefully. This will remove any residue from your straw.

### How to Clean Your Slider Lid

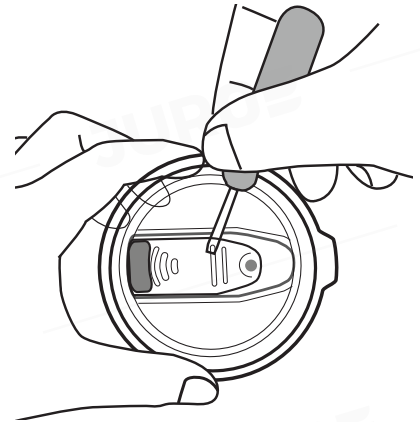

#### Quarter Method

Close Slider Lid. Use a quarter and insert it into the small tight crevice. Push hard with thumbs and the Slider Lid will pop out. (May cause scratches).

#### Washing Slider Lid

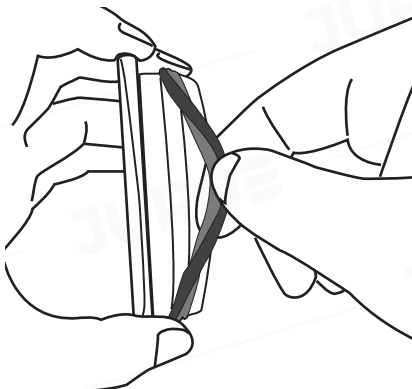

Once removed, please wash Slider Lid using a damp cloth with soap and water.

#### Screwdriver Method

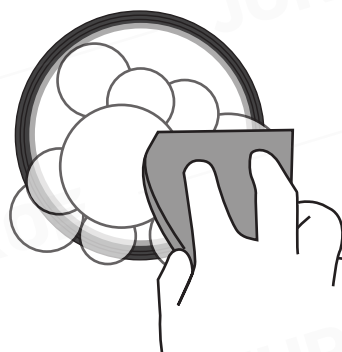

Close Slider Lid. Use a screwdriver and insert it into the small tight crevice. Pull back the screwdriver and Slider Lid will pop out. (ATTENTION: PLACE TOWEL OVER SCREWDRIVER TO AVOID SCRATCHES/DAMAGE).

### How to Clean Sealing Ring

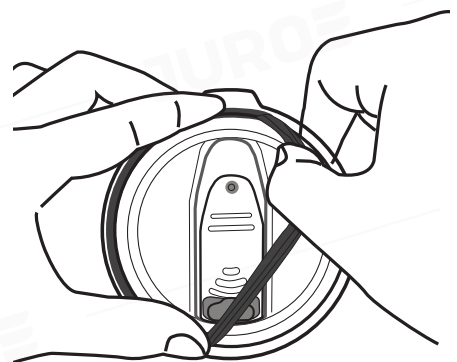

#### Removing the Sealing Ring

Carefully peel off the Sealing Ring. Be careful not to damage it.

#### Washing the Sealing Ring

Take a damp cloth with soap and water and wash the Sealing Ring.

#### Reapplying the Sealing Ring

With the grooves pointed outwards, reapply the Sealing Ring to the Slider Lid. Stretch out the Sealing Ring carefully and wrap it around the bottom of the Slider Lid.

# Warnings

### Hot Beverages:

Please be aware that when you fill the Juro Tumbler with a hot beverage (water, coffee, etc.) the vapors and steam that rise and emit to the top of the Juro Tumbler may cause the lid to loosen and pop off. Be careful and aware during this situation.

### Placement:

If the Juro Tumbler is placed on an uneven surface, it may tip over and cause the lid to loosen and slip off ejecting hot or cold liquid. This can hurt you or children so please be aware of this situation and always align the Juro Tumbler on a flat surface.

### Keep Away From Children:

The Juro Tumbler is NOT a toy. It can be dangerous if hot or cold liquid is kept inside and spills onto a child. Please keep away from children.
