

Wave Radon

Smart Radon Detector

DOWNLOADS

Radon is the number one cause of lung cancer among non-smokers and kills more than 6x more people than house fires and carbon monoxide poisoning combined. Radon gas can be found in every home and building and fluctuates daily. Every home needs a radon detector. Airthings created Wave as the perfect solution for homeowners to take control and gain visibility into 3 indoor air factors: radon, humidity and temperature. See your data on the free app (iOS/Android) and an online dashboard with advanced analytics options. Airthings Wave Radon now includes Airthings Smartlink technology which allows connection to the Airthings Hub.

AIRTHINGS APP & DASHBOARD

Continuous monitoring of radon is necessary to minimize potential health effects. The Airthings App and online dashboard provide a quick and easy solution to view, compare and export data for your particular needs. Users have complete access to interpretations of data and tips to reduce indoor air hazards, optimize ventilation and save energy.

EASY INSTALLATION WITH APP

To install the Wave Radon simply download the Airthings App, pull the battery tab, mount it to the wall or ceiling, and follow the easy instructions in the app to register your device. In addition, simply wave in front of the device to receive a color-coded visual indicator of the radon level.

PRODUCT FEATURES

- Sensors: Radon, Temp & Humidity
- Visual indicator: Red/Yellow/Green glow ring
- Long battery life:
 - Bluetooth: 18 months
 - SmartLink (Hub): ~24 months
- Supports wall or ceiling mount
- Free mobile app for iOS and Android
- Web dashboard
- Mobile notifications
- Wireless connection with Bluetooth or Airthings SmartLink (with Hub connection)

IAQ SENSOR SPECIFICATIONS

- Sensor sampling interval: 5 minutes
- Sensor Resolution:
 - Temperature $\pm 0.1^{\circ}\text{C}/\text{F}$
 - Humidity $\pm 1\%$

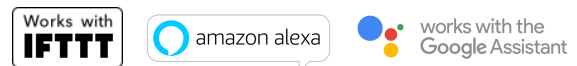

ADDITIONAL SPECIFICATIONS

- Operational Environment: 4°C to 40°C (39°F to 104°F)
- Weight: 216g / 7.6oz. (with batteries)
- Dimensions: 12cm / 4.7in (diameter) x 3.6cm / 1.4in (height)
- Power: 2 AA alkaline batteries
- Connectivity: Bluetooth & Airthings SmartLink

RADON SPECIFICATIONS

- Radon sampling: Passive diffusion chamber
- Detection method: Alpha spectrometry
- Measurement range: 0 – 20,000 Bq/m³ (540 pCi/L)
- Accuracy/precision at 200 Bq/m³ (5.4 pCi/L):
 - After 7 days ~ 10 %
 - After 2 months ~ 5 %

INTEGRATIONS*

*Requires device to be synced with phone or connected to Airthings Hub

ADDITIONAL INFORMATION

PACKAGE CONTENT

- Air Quality Detector
- 2 AA alkaline batteries
- Instruction Manual
- Mounting screw

PRODUCT CODES

- EAN: 7090031109103
- UPC: 854232008 06 4
- SKU: 291
- MODEL: 2950
- Serial Number : 2950xxxxxx

REQUIREMENTS

- One of the 3 latest major versions of iOS or Android supporting Bluetooth 4.2 or later

PACKAGE

- Weight: 346g / 12.2oz
- Dimension: 153x153x46mm / 6 x 6 x 1.8in
