CONSIGNES DE SÉCURITÉ
Si vous éprouvez des difficultés à faire fonctionner correctement votre appareil et que le dépannage ne résout pas votre problème, débranchez votre appareil et contactez le service d'assistance téléphonique de Razer ou rendez-vous sur **support.razer.com**.

Ne démontez pas l'appareil et n'essayez pas de le faire fonctionner avec une charge de courant anormale. Cela annulera votre garantie.

Conservez l'appareil à l'abri des liquides et de l'humidité. Faites fonctionner l'appareil uniquement à une température comprise entre 0 °C (32 °F) et 40 °C (104 °F). Si la température dépasse ces limites, éteignez et/ou débranchez l'appareil pour laisser la température se stabiliser à un degré optimal.

CONFORT
Les recherches ont montré que de longues périodes de mouvements répétitifs, un positionnement incorrect de vos périphériques électroniques, une position incorrecte du corps et de mauvaises habitudes peuvent être associés à un inconfort physique et une lésion des nerfs, des tendons et des muscles. Voici des instructions pour éviter les blessures et vous assurer un confort maximal lors de l'utilisation de votre Razer DeathAdder Essential.

- Placez votre clavier et votre écran directement en face de vous avec votre souris à côté. Placez vos coudes sur vos côtés, pas trop loin, et votre clavier à portée.
- Ajustez la hauteur de votre chaise et de votre table afin que la hauteur du clavier et de la souris soit au niveau ou en dessous des coudes.
- Gardez vos pieds bien soutenus, en position droite et vos épaules détendues.
- Pendant le jeu, détendez votre poignet et gardez-le droit. Si vous exécutez les mêmes tâches avec les mains à plusieurs reprises, essayez de ne pas plier, étendre ou tordre vos mains pendant de longues périodes.
- Ne reposez pas vos poignets sur des surfaces dures pendant de longues périodes. Utilisez un repose-poignet pour soutenir votre poignet pendant le jeu.
- Ne restez pas assis dans la même position toute la journée. Levez-vous, éloignez-vous de votre bureau et faites des exercices pour étirer vos bras, épaules, cou et jambes.

Si vous sentez une gêne physique durant l'utilisation de votre souris, notamment une douleur, un engourdissement ou des fourmillements dans les mains, les poignets, les coudes, le cou ou le dos, consultez immédiatement un médecin compétent.

ENTRETIEN ET UTILISATION
La Razer DeathAdder Essential nécessite un minimum d'entretien pour la conserver dans un état de fonctionnement optimal. Une fois par mois, nous vous recommandons de déconnecter l'appareil de l'ordinateur et de le nettoyer avec un chiffon doux ou un coton-tige pour empêcher les dépôts de saleté. N'utilisez pas de savon ou de produits nettoyants agressifs.
Pour optimiser votre expérience du mouvement et du contrôle, nous vous recommandons fortement un tapis de souris premium de Razer. Certaines surfaces pourraient user les pieds, ce qui requiert par la suite un entretien constant qui mènera au remplacement.
Veuillez noter que la Razer DeathAdder Essential est optimisée spécialement pour les tapis de souris Razer. Le capteur a été testé de façon intensive pour confirmer que la Razer DeathAdder Essential lise et suive mieux sur les tapis de souris Razer.

SEGURIDAD Y MANTENIMIENTO
NORMAS DE SEGURIDAD
Si tuvieras algún problema al utilizar el dispositivo correctamente y las indicaciones de la resolución de problemas no dieran resultado, desconecta el dispositivo y llama a la línea de atención de Razer o accede a **support.razer.com** para solicitar asistencia.

No desmontes el dispositivo y no intentes hacerlo funcionar bajo circunstancias anormales. Hacer esto anulará la garantía.

Mantén el dispositivo alejado de los líquidos o la humedad. El dispositivo debe funcionar dentro del rango específico de temperaturas de 0 °C (32 °F) a 40 °C (104 °F). Si la temperatura supera ese rango, desconecta o apaga el dispositivo para dejar que la temperatura se estabilice hasta un nivel óptimo.

COMODIDAD
Hay estudios que demuestran que la realización de movimientos repetitivos durante largos períodos, la ubicación inapropiada de los dispositivos informáticos periféricos, la postura inadecuada del cuerpo y los malos hábitos pueden causar malestar físico y lesiones en los nervios, tendones y músculos. A continuación, ofrecemos algunas recomendaciones para evitar lesiones y garantizar la máxima comodidad al utilizar el Razer DeathAdder Essential.

- Sitúa el monitor y el teclado directamente frente a ti y el ratón junto a este último. Coloca los codos a los lados del cuerpo, no demasiado lejos. El teclado debe quedar a una distancia corta, fácil de alcanzar.
- Ajusta la altura de la silla y la mesa de forma que el teclado y el ratón estén a la altura o por debajo de la altura de los codos.
- Mantén los pies bien apoyados, la postura recta y los hombros relajados.
- Durante el juego, relaja la muñeca y mantenla estirada. Si realizas las mismas tareas manuales de forma reiterada, trata de no doblar, extender ni torcer las manos durante períodos prolongados.
- No apoyes las muñecas sobre superficies rígidas durante períodos prolongados. Utiliza un reposamuñecas para apoyar la muñeca mientras juegas.
- No estés sentado en la misma postura todo el día. Levántate, camina y haz ejercicios para estirar los brazos, los hombros, el cuello y las piernas.

Si sintieras algún malestar físico al utilizar el ratón (por ejemplo, dolor, adormecimiento o cosquilleo en las manos, las muñecas, los codos, los hombros, el cuello o la espalda), consulta de inmediato a un médico calificado.

USO Y MANTENIMIENTO
El Razer DeathAdder Essential requiere un mantenimiento mínimo para conservarlo en óptimas condiciones. Para evitar la acumulación de suciedad, recomendamos desconectar el dispositivo del puerto USB una vez al mes y limpiarlo usando un paño suave o un hisopo de algodón. No uses jabón ni productos de limpieza agresivos.
Para obtener la mejor experiencia en movimiento y control del ratón, se recomienda encarecidamente utilizar una alfombrilla de ratón de primera calidad de Razer. Algunas superficies provocan el desgaste indebido en las bases, y requieren cuidado constante y la posterior reposición.
Ten en cuenta que el sensor del Razer DeathAdder Essential está "adaptado" u optimizado especialmente para las alfombrillas de ratón Razer. Esto significa que el sensor se ha probado ampliamente para confirmar que el Razer DeathAdder Essential lee y rastrea mejor sobre alfombrillas de ratón Razer.

SAFETY AND MAINTENANCE

SAFETY GUIDELINES
Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to **support.razer.com** for support.

Do not take apart the device and do not attempt to operate it under abnormal current loads. Doing so will void your warranty.

Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and/or switch off the device in order to let the temperature stabilize to an optimal level.

COMFORT
Research has shown that long periods of repetitive motion, improper positioning of your computer peripherals, incorrect body position, and poor habits may be associated with physical discomfort and injury to nerves, tendons, and muscles. Below are some guidelines to avoid injury and ensure optimum comfort while using your Razer DeathAdder Essential.

- Position your keyboard and monitor directly in front of you with your mouse next to it. Place your elbows next to your side, not too far away and your keyboard within easy reach.
- Adjust the height of your chair and table so that the keyboard and mouse are at or below elbow height.
- Keep your feet well supported, posture straight and your shoulders relaxed.
- During gameplay, relax your wrist and keep it straight. If you do the same tasks with your hands repeatedly, try not to bend, extend or twist your hands for long periods.
- Do not rest your wrists on hard surfaces for long periods. Use a wrist rest to support your wrist while gaming.
- Do not sit in the same position all day. Get up, step away from your desk and do exercises to stretch your arms, shoulders, neck and legs.

If you should experience any physical discomfort while using your mouse, such as pain, numbness, or tingling in your hands, wrists, elbows, shoulders, neck or back, please consult a qualified medical doctor immediately.

MAINTENANCE AND USE
The Razer DeathAdder Essential requires minimum maintenance to keep it in optimum condition. Once a month we recommend you unplug the device from the computer and clean it using a soft cloth or cotton swab to prevent dirt buildup. Do not use soap or harsh cleaning agents.

To get the ultimate experience in movement and control, we highly recommend a premium mouse mat from Razer. Some surfaces will cause undue wear on the feet requiring constant care and eventual replacement.

Do note that the sensor of the Razer DeathAdder Essential is 'tuned' or optimized especially for the Razer mouse mats. This means that the sensor has been tested extensively to confirm that the Razer DeathAdder Essential reads and tracks best on Razer mouse mats.

If an eligible claim on the Limited Warranty is received by Razer within the applicable Warranty Period, Razer will (at its sole option) either: (a) repair the Product or the defective parts at no charge, using new or refurbished replacement parts; (b) provide our Razer Store vouchers of a value equivalent to the retail purchase price of the Product; or (c) exchange the Product with a Product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original Product. Goods presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the goods. Razer reserves the sole right to determine whether a claim is eligible and/or whether the Product is defective. Where the Product is an "end of life" Product model, Razer may (at its sole option) exchange the Product with a functionally equivalent substitute model from Razer's current Product range. Razer has the sole option to provide any other type of remedy in addition to or in substitution of the aforesaid remedies. Remedies under Australian Consumer Law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
