

① Insert the silicone.

② Put in the Pressing Cup.

③ Press the auger down, then twist gently to ensure it is properly seated in the base.

④ Open the lid.

⑤ Attach the feed chute to the main body of the juicer.

⑥ Rotate the feed chute until it locks.

⑦ Two arrows aligned.

⑧ Close the lid, then press Start.

NOTE: 1、 For safety, the juicer shuts off automatically when the lid is opened.
2、 You can rotate the feed chute only when the lid is open.
