**UV Flashlight  
USER MANUAL**

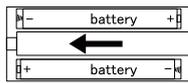

Model No. : D61UV

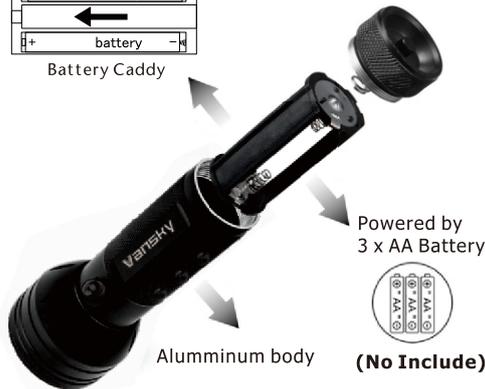

Made in China

**Product Overview**

Battery Caddy

**WARNING - UV LEDS**  
**DO NOT SHOOT EYES DIRECTLY**  
**DO NOT SHINE ON SKIN FOR PROLONGED PERIODS!**

**Tips:**

- The flashlight works best in complete darkness
- For use during daylight hours, turn off lights, pull down curtains/blinds and operate light closer to surface
- We recommend using UV eye protecting as a safety precaution

**Pay attention to use battery:**

- Do not heat or throw battery into a fire, water.
- Do not pierce battery with a sharp object such as a needle.
- Do not use a battery with serious scar or deformation.
- Stop using the battery if abnormal heat, odor, discoloration, deformation or abnormal condition is detected.
- If liquid leaking from the battery gets into your eyes, do not rub your eyes. Wash them well with clean water and go to see a doctor immediately.
- When not using battery for an extended period, remove it from the equipment and store in a place with low humidity and low temperature.
- The battery can be used within the following temperature ranges. Do not exceed these ranges.  
Charge temperature range: 0°C to 45°C  
Discharge temperature range: -20°C to 60°C
