1. Download speeds based on 5G [sub-6GHz network] connectivity during average network traffic. Available with 5G service plan and 5G network coverage; available only in select areas. See carrier for details. 2. All battery life claims are approximate and based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary and depends on many factors including signal strength, network and device settings, temperature, battery condition, and usage patterns. 3. Certain features, functionality and product specifications may be network dependent and subject to additional terms, conditions, and charges. All are subject to change without notice.
