# HD HomeRun®
PRIME

Unleash your cable TV with CableCARD™
conditional access*

The simple way to send live streaming, premium cable TV to all your home media devices.

PREMIUM HD CABLE TV
SD WIFI & HD WIRED

*CableCARD™ is a trademark of Cable Television Laboratories, Inc.

HDHR3-CC

- No need to rent set-top boxes for every room
- Watch live HD TV on upto 3 devices together on your wifi or wired network
- Works with all popular DVR software so you can watch, pause and record
- Access premium cable subscription channels using CableCARD™
- Stream Live SD premium subscription TV directly to your Android device with our HDHomeRun VIEW app

Cable TV subscription required

Make the most of your cable TV service and reduce your costs at the same time.

When you make 'HDHomeRun Prime' part of your home network you're able to send glorious HD 1080i definition content to anywhere in your home via a wired connection, SD over wifi and to multiple devices. You can now easily record a second channel, watch another program in a different room or enjoy football in the yard, all while the kids are watching their favorite show too – whether on a tablet or smart phone via our app, or computer or TV via DLNA. No more expensive cable boxes.

You can also record, pause, rewind and schedule your favorite shows using popular compatible DVR software like Windows Media Center and Myth TV.

Watch on the following devices:

| Computers | Smart TVs | Games consoles | Blu-ray players | Tablets/phones |
