

Best Practices: Sunlight comes from all directions, both direct and indirect. While a sun shade provides a level of protection, there are other factors that can lead to exposure to the sun's harmful rays. Most notable is the reflection of the sun off of sand, water and other surfaces. Wondershade will block a significant amount of UV rays directly above the user, but it does not eliminate the need to consider best practices to avoid exposure to the sun that include using sunscreen lotions and sprays.

Instructions for Care: Allow your umbrella to fully dry before storing. Spot clean with a washcloth and warm water. Avoid using harsh cleaners that can damage the water proofing and UV coating in umbrella fabric. Cleaners can also cause discoloring. Store umbrella after use. Ultimate Wondershade is not intended to be left outside for prolonged exposure to the elements.

Take special care when storing your Wondershade to avoid the umbrella fabric catching on the metal base while inserting it into or removing it from the carry bag. To prevent damage to the umbrella, place the umbrella against the base and slide them in or out of the carry bag together.

Limited Warranty

Maranda Enterprises, LLC (The Company) products are warranted, only to the original purchaser, to be free from defects in materials or workmanship for a period of ninety (90) days from the original purchase date. During the warranty period, replacement parts or products will be made available at the discretion of The Company, at no charge to the customer for parts, provided that the customer can provide proof of purchase. Replacement parts for products outside the 48 continental United States will include a shipping charge. This warranty does not apply to: (i) cosmetic damage, such as scratches, nicks and dents; (ii) damage caused by accident, abuse, misuse, water, flood, fire, or other acts of nature or external causes; (iii) damage to a product that has been modified or altered.

Assembly & Care Instructions

Instructions for Assembly

Contents: Base, Umbrella, Accessory Collar, 2 Hooks, 2 Cup Holders, Sand Screw Handle, 3 Stakes and Carrying Bag

Set-up base as follows: Loosen leg lock by turning knob (1) counter clockwise and slide collar (2) down the base shaft until legs are extended. Secure legs by turning knob clockwise to tighten. Adjust telescoping base post height via the quick release (3) on base. Extend telescoping post to desired height and close quick release. ***NOTE*** Telescoping base post (4) with sand screw is removable. To remove, open quick release and pull telescoping post to top of base. Rotate post to align notches in sand screw (see illustration C) and the top of quick release collar (3) and pull post out. Follow same procedure to insert telescoping base post back into base.

Set-up umbrella as follows: Locate and attach removable accessory collar (6) onto umbrella shaft prior to placing umbrella into base. The collar is secured via the quick release (see illustration B). Open quick release (5) on base by moving to horizontal position. Open umbrella and insert umbrella shaft into base and set to desired height. Secure umbrella in base by moving quick release to closed position (press downward).

Tilt umbrella as follows: Press button (7) located on tilt mechanism to unlock and tilt umbrella (see illustration A). Release button to lock.

Optional ground stakes: The three stakes included can be used to secure the Wondershade in place by inserting them through the holes (8) in the legs and into the ground.
