### **\*\* Storage**

To fold and storage the Rollator Walker, you just operate the install step oppositely.

## **SAFETY PRECAUTIONS**

- \* Please check the brake, wheels before each use.
- \* The rollator should be used on a level, dry ground. Ensure that you are accompanied by another person if possible. Practice using the rollator until you feel comfortable.
- \* When you use the rollator please keep your hands touching the brake. It can ensure you to stop the rollator immediately and effectively reduce the risk of falling.
- \* Avoid sudden braking otherwise the rollator will slip especially on the wet smooth surface.

- \* If possible please find somebody to help you to go up stairs, take the elevator and e.g.
- \* The maximum weight capacity is 300 lbs and 11 lbs for mesh bag.
- \* It is not recommended to use the rollator in BAD WEATHER (Rain/Storm/Lighting e.g.) or on the smooth/wet ground.
- \* Please slow down when start heading downhill.
- \* Do not use the rollator on stairs or an escalator.
- \* Do not attempt to push the rollator while someone is sitting in the seat.
- \* Do not use the seat to transport people or objects.
- \* Do not use the seat without the backrest in place.
- \* Do not sit on the seat when the rollator is on an incline.
- \* Only use the rollator as a walking support.
- \* Only use the specified accessories and spare parts for this rollator
- \* Loads should only be transported using the basket. Do not hang heavy items from the handles as this may affect the stability of the Rollator .
- \* Do not self-propel the rollator while seated. Serious injury to the user or damage to the rollator frame or wheels may result from improper use.
- \* Do not use the rollator to walk backwards.
- \* Caution must be taken when negotiating curbs and other obstacles, or when using on sloping, uneven or slippery surfaces. Failure to do so may result in a serious risk of a fall or injury.
- \* Do not perform any adjustments to the rollator while it is in use.
- \* All wheels must be in contact with the floor at all times.
- \* Brakes must be in the locked position before using the seat.
- \* When using the rollator in a stationary position, the brakes must be locked.

## CLEAN AND STORAGE

- \* The frame part can be wiped with a damp cloth or washed with neutral cleaning agent.

- \* The wheels can be cleaned with a damp brush with plastic bristles(DO NOT use wire brushes)
- \* The seat back, seat and transporting pouch can be washed with a mild soap.
- \* Do not use a high pressure or steam cleaner.
- \* Dry the rollator with a towel. If possible use some machine oil on the parts of brake to avoid rusting such as brake cable, screw, e.g.
