

Enjoy three years of warranty

Our commitment to our customers

You can rely on our three-year warranty if any Focusrite hardware needs repairing or replacing due to a manufacturing fault.

We'll send you replacement gear, and we'll cover the shipping costs both ways.

We want to make sure that we are doing everything we can to minimise downtime for our customers, with a minimum of fuss. And therefore, we'll help you to keep making music.

At Focusrite, delivering reliable gear is one of our highest priorities. This enables us to make a three-year warranty commitment to our customers.
