AILIHEN[®] C8 Audio Headphones Owner's Guide

**Visit www.ailihen.com
for more info**

Safety Information

Please take the time to follow the instructions in this owner's guide carefully as it will be helpful for your set up and proper use of the headphones. Please save this owner's guide for future reference.

CAUTIONS:

- Long-term exposure to music at high volume may cause hearing damage. Please avoid extreme volume when using headphones, especially for extended periods.
- Do not use headphones when operating a motor vehicle or anywhere the inability to hear outside sounds may present a danger to you or others.
- Do not drop, sit on, or allow the headphones to be immersed in water.

WARNING:

DO NOT use mobile phone adapters to connect headphones to airplane seat jacks, as this could result in personal injury such as burns or property damage due to overheating. Remove and disconnect immediately if you experience warming sensation or loss of audio.

Components

3.5mm Audio cable

Using Your Headphones

1. Place earcups over corresponding ear ("L" over left ear, "R" over right ear).

2. Push hair back, extend the earcups from headband until they fit the ear comfortably, creating a snug fit to ensure the highest quality and comfort.

3. Wear headphones with the cord hanging in front of your head to ensure headphones to stay put during strenuous activity.

It is advised to turn the volume on your device all the way down before connecting your headphones, then gradually increase the volume until you reach a comfortable listening level.

Troubleshooting

If you experience any trouble using your headphones, try the following troubleshooting instructions. If you still need help, contact AILIHEN customer support.

Problem	What to do
No audio/ Intermittent	•Make sure that the headphone plug is securely connected to the headphone jack (not the line out jack) of the audio device.
Excessive bass	•Turn off any bass boost or other audio enhancement features on the audio source.
Low volume/ poor audio	•Turn off any "sound checker" or other audio signal altering features on the audio source.
Sound only in one ear	•Make sure the plug is securely connected and try another audio device .
Lost ear pad	•Contact Ailihen service representatives at service@ailihen.com for replacements.
